

Elapsed Time/Schedules Lesson Plan

Learning Objectives:

Students will determine how much time has elapsed between beginning/end times and fill in schedules based on elapsed time.

Materials & Preparation:

- Elapsed Time/Schedules power point (included)
- Elapsed Time/Schedules Worksheets (included)

Instruction/Full Class Activity

- Elapsed Time/Schedules power point as a class
- You can have students take turns OR
- Give each student a dry erase board and marker. They can all work on their own and share answers on the boards.

Independent Working Time:

- Elapsed Time/Schedules worksheets

Wrap up/Closing:

- Go over why it's important to understand elapsed time and how it is useful in daily life for independence.

Other Ideas for Activities:

- Continual practice.
- Have students make a schedule of a typical weekday/weekend for them- fill in times of things they do and identify how much time elapsed between activities.

Name _____ Date _____

Directions: Answer the questions and fill in the schedules with the appropriate times.

Event 1	2:30 p.m.
Event 2	3:00 p.m.
Event 3	4:15 p.m.
Event 4	5:00 p.m.

1. How much time passed between:

Event 1 and 2? _____

Event 2 and 3? _____

Event 3 and 4? _____

2. Fill in the chart with the appropriate times based on how long each activity lasted.

Swim Meet Events:

- Freestyle Event- 45 minutes
- Backstroke Event- 45 minutes
- Butterfly Event – 1 hour
- Breaststroke Event – 1 hour
- Finals – 1 hour 30 minutes

Swim Meet Events	
Freestyle Event	10:00 a.m.
Backstroke Event	
Butterfly Event	
Breaststroke Event	
Finals	

3. Patty's haircut appointment usually lasted 1 hour and 30 minutes. If her appointment was at 1:30 p.m., what time would she be done?
