**Read Welcome:** *Welcome to Chronic Illness? Live a Life Beyond Your Dreams!! I'm Angela Cummings, your instructor for this course and founder/owner of Live Life: Organic and Chemical Free. In my spare time I love to walk in nature, read books, travel, and connect with family, friends, and grocery store goers.*

*I fully healed from an illness that no one expected me to heal from. For years I've been living a life beyond my wildest dreams. I believe every single person can do that too, no matter the situation.*

*In this class, we will explore what it means to Go Beyond and start to play with the idea of seeing things from this lens.*

*Are you excited for us to start this path together, as a community? I'm SO CURIOUS what will pop up for you!*

In this class we will be learning:

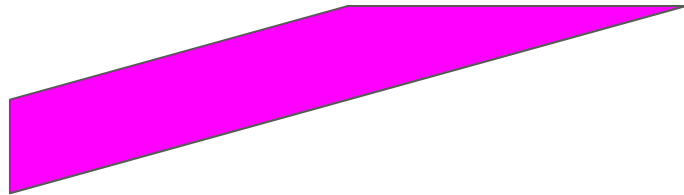

What it means to  
“go beyond”

in a way that is unique  
to each of us

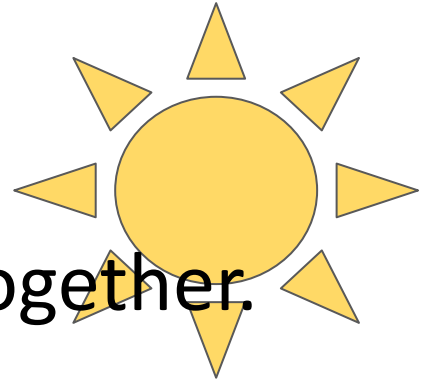

This is important because:

If we are *aware of our reality*,  
and *focused forward* we can  
*change the trajectory of our lives.*

## Class Guidelines:

We learn and grow individually and together.

To do that, our discussions include different perspectives that we may or may not agree with.

The ***stories we share here stay in our classroom space, but the impact of those stories we take with us into the world.***
