Scrapping with Filters, Stamp & Paint

Challenge 1: Element Challenge (Part 1)

Use the provided fall leaf to create a stamp and paint image for use on a scrapbook page or greeting card.

Complete the Challenge

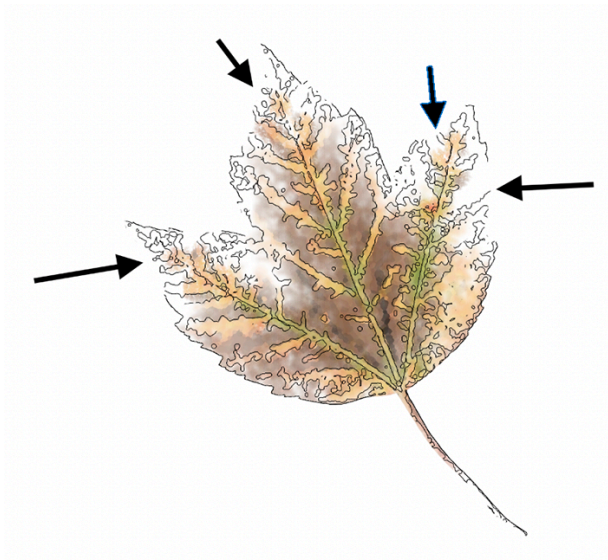

Using the provided leaf from Backroads by Angie Briggs, follow the instructions for stamping and coloring to create something similar to this image below.

NOTE: As stated in the Section 1, Lesson 1 manual, when adding elements to your document, do not fit them to the edges of the document as you would a photo.

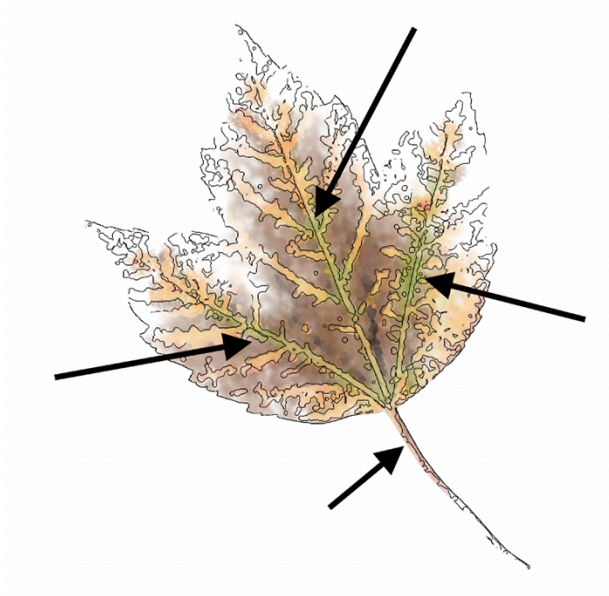

Things to make a note of:

- Notice how the boundaries of the element were broken up by masking them away. This creates a more unfinished, artistic look.

- Notice how only parts of the entire document were colored back in, specifically areas of the veins of the leaf.

- Do not move on to part 2 of this challenge until you've completed part 1.
- Try placing your stamped and colored image on a 7x5 greeting card.
- Consider using the paper and word art in the class downloads to finish things off.
- For easy online sharing of greeting cards, check out our [FREE Tent Card Template & Tutorial](#).
