

PROTOCOL : VICTIMIZATION OR VICTORY

Objective : Verification of the ecology of the new belief – after having defined the Limiting Belief and having found the corresponding Open Belief

1. **VICTIMIZATION** : Path of the OLD belief (Limiting Belief). P explores his feeling on that path : in 1 year... 5 years... 10 years
2. **VICTORY** : Path of the NEW belief (Opening Belief) P explores his feeling on that path : in 1 year... 5 years... 10 years.
3. On the point of CHOICE, dissociated, P OBSERVES the 2 paths...
4. P makes his decision.

Remark :

If any issues arise on the path of the new belief => hone again the Opening Belief.
