1.
2.
3
4.
5.
What Business models do you want to structure your business after, and why?
What is innovative or different about your busness idea?
What problem does your business solve?
When it comes to the look and feel you want your busness to exhude what things would you mashup? This could be a mashup of any 2 or more nouns you can think of. For example could be Frank Sinatra, Paris, & a 1964 Mustang. They don't have to make sense yet.

Why do you want to start a business?
How much money do you have to invest in this business?
How much time do you have to invest daily in this business?
What length of time are you willing to dedicate to your business, a week, a year?
If I invest X number of dollars in the business and have not received any money back, I would have to fold the business. What does X= for you?
How much money can you afford to invest before seeing a return?
How much money will you need to invest before you see a return?
What is your estimated timeframe for your business to begin generating income?
How can you ensure this timeframe is accurate?
Have you conducted any research to see what compettitors exist?  OYes ONo  How?
Where?
