Windows 9!

(ahem, I mean 10)

Vonnie

# in this lesson...

1. exactly how popular is this Windows 10 thing?
2. why Windows 8 sucked
3. five theories why Microsoft skipped 9

# by the numbers

- \* over 270 million active devices
- \* outpacing Windows 7 by 145%
- \* people have asked Cortana over 5 billion questions
- \* spent over 75 billion hours on Windows 10

# what's the big deal?

- \* windows 8 was a huge failure
- \* metro interface made for 5 year olds
- \* way too difficult to close apps
- \* hard to turn the damn computer off

# Microsoft skipped 9

- \* wanted to get away from bad memories of 8
- \* didn't want to offend the Japanese
- \* tried to avoid a code glitch
- \* 10 equals perfection
- \* Microsoft has a crush on Apple

# the bottom line

- > Windows 10 is quickly becoming the most popular version of Windows.
- > Windows 8 was a huge mistake
- > Windows 10 is a completely different OS; thus, the skip was justified.
