## Our Purpose:

*"Bear one another's burdens and so fulfill the law of Christ".*

*Galatians 6:2*

*The Christian Counseling & Training Center is a Christian ministry established in 1981 to train Biblical counselors and teachers to assist their local churches. We offer training in counseling skills and classes in basic Christian discipleship and ministry.*

*Our purpose is to bridge the gap between faith and life. We study the character of God, His Holiness, His Grace, and His Purpose for life. As we examine our intimate relationships, we look at our emotions within the context of the Biblical concept of love. We evaluate actions and motives and explore how change takes place.*

### Statement of Faith

*CCTC holds firmly to the position of the Deity and Lordship of Jesus Christ. We also believe the Bible to be the only inspired, infallible, and authoritative Word of God, the standard of all faith and conduct.*

### Financial Statement

*CCTC is supported by gifts from counselors, students, local churches and friends in the community. A fee is charged for classes and a donation is requested for counseling. A financial statement is available from our office and from the State Division of Consumer Affairs. CCTC is a member of the Evangelical Council for Financial Accountability.*

## Training Programs:

### Discipleship

This is a one year program designed to point students in the direction of a caring God who always shows us more grace and mercy than we deserve. Through this program, the student will gain a clearer biblical world view and a better understanding of his/her relationship and place in God's Kingdom as well as a better understanding of why we "do what we don't wish to do". Students will learn the dynamics of problems and biblical responses to those issues.

### Biblical Counseling

After successfully completing the Discipleship Training Program, a student may enroll in this two year program which expands student knowledge by providing a practical "hands on" experience. This two year program is designed for those who seek a deeper relationship with the Lord, and will require in depth study of the Scriptures to gain deeper knowledge and wisdom as to the hearts of men. This training includes coursework, observation of counseling cases, mentoring opportunities, and workshops focusing on numerous case studies.

### Biblical Counselor Certificate

After completing the DTP and BMTP, a student may apply for this one year intensive Internship which provides additional "hands on" experience in the areas of counseling and mentoring.
