

Subject: Request to Enroll in Certificate of Cloud Security Knowledge Training

Dear [Decision Maker Name],

On [Course date] the [Cloud Security Alliance](#) will be offering CCSK Training. This course equips information security professionals like myself with the fundamental skills and core knowledge to secure data in the cloud.

I would like the opportunity to enroll in this course as I believe the technical and strategic cloud security skills I would gain from taking this training would enable me to provide more holistic security for the data and systems of our organization.

The [Certificate of Cloud Security Knowledge](#) (CCSK) course provides students a comprehensive review of cloud security fundamentals and detailed description of cloud computing, and will prepare me to earn my CSA CCSK certificate.

If I enroll, I will:

- gain a comprehensive and unbiased understanding of how to effectively secure data in the cloud
- learn vital information about managing risks, achieving compliance, optimizing organizational cloud security strategies and understanding the shared responsibility between the cloud provider and cloud user
- gain knowledge of the latest in cloud architecture, cloud native security, workloads, virtual networking, data protection, DevSecOps, Zero Trust, Generative AI and more
- have permanent access to the groundbreaking CCSK Chatbot, [CCSK Orb](#), a unique tool to help me master the body of knowledge and provide ongoing assistance in daily challenges

The CCSK Course Fulfills CPEs: The CCSK can be used to satisfy continuing professional education credits for several other IT credentials.

Costs: The approximate investment for my attendance is as follows:

Complete information as appropriate and applicable

| | |
|--|---------------------------|
| Travel & Meal Costs | \$XXX |
| Accommodation (1-2 nights at \$XXX/night) | \$XXX-\$XXX |
