# Welcome to the Creative Writing Club!

Hello friends!

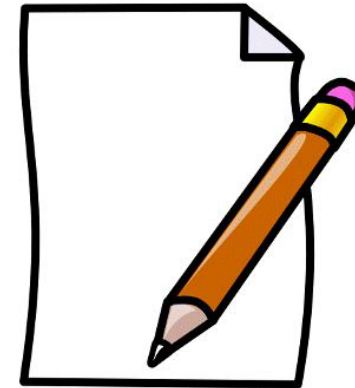

My name is Tolulope Popoola. I'm a writer just like you! I write fiction stories and non-fiction articles and books. I'm also a Writing Coach and a Publisher, and I am your tutor for this Creative Writing Club.

Let me tell you a bit about myself: I have always been a writer, since I was a little girl. I remember writing my first fairy tale stories when I was six years old, in Primary One. I'm also an avid reader and I've been addicted to books ever since I could read. I still read a lot of books even now!

In school, my favourite subjects were English Language and English Literature, and I used to win prizes for them. As a teenager, I was the one always with my nose in a book, or scribbling things, and writing in a diary.

If you love reading and writing, then you're a really cool kid, just like me!

**Welcome to my writing club. I'm really glad you're here!**

# Welcome to the Creative Writing Club!

During these lessons, we're going to have fun learning to write, and improving our writing and reading skills!

We're going to explore writing fiction and non-fiction. We will write all sorts of interesting stuff, so I really want you to use your imagination.

I know you are a creative person. We all are! And you have an active imagination. I want you to bring all of that into your time with me on this programme, so we can both get the best out of it.

Don't worry, there are no exams. And when you're writing fiction, there are no right or wrong answers. It all depends on how you express yourself and your ideas.

# Welcome to the Creative Writing Club!

I want you to go on a journey with me. Let's go into space and discover a strange new planet. Let's write about the past, the present and the future. Let's make up crazy, scary stories.

Let's pretend we live in Egypt. Let's slay dragons and monsters. Let's be warriors and princesses. Let's be detectives. Let's be gladiators.

Or we can be football superstars. We can win the World Cup, and play in Brazil! We can be the hero in a rescue mission. We can go to the North Pole and make a huge new scientific discovery!

Let's immerse ourselves into faraway magical lands or dig deep into the reason why one king betrayed his best friend! There's no limit to what we can do with our imagination.

**So.... are you ready to begin?**

# Creative Writing Club

- ▶ Put yourself in the story.
- ▶ Create your own world.
- ▶ I want you to imagine that you're not just writing words, but you're also directing a movie.
- ▶ Visualise what you're writing, so that it comes alive in your mind, and the minds of the reader too.
- ▶ What do you do when you're watching TV or reading your favourite book? You're consuming somebody else's content. Now I want you to move from a consumer, to a creator of your own content.
- ▶ You can do this!

# Creative Writing Club

- ▶ Welcome again! I look forward to having a great time with you in my club!
- ▶ If you have any questions, ask me via email or during our class on Saturday!
- ▶ Thank You!
