

How to Use This Workshop?

One Lesson a Day for 15 Days

Every day for 15 days, you will get access to a lesson about a specific type of pronoun or a review of the lessons we have seen since the beginning. You will receive an email when the day's lesson is ready for you with a link to access it. Make sure that you are connected to access the lesson.

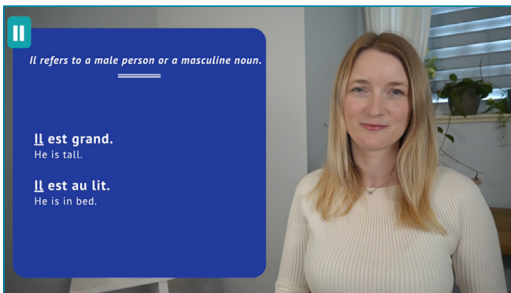

Follow the Lessons at Your Own Pace

A new lesson is released daily, but you can take longer to complete the course if you need to. The lessons stay available, and you can complete them whenever you have time.

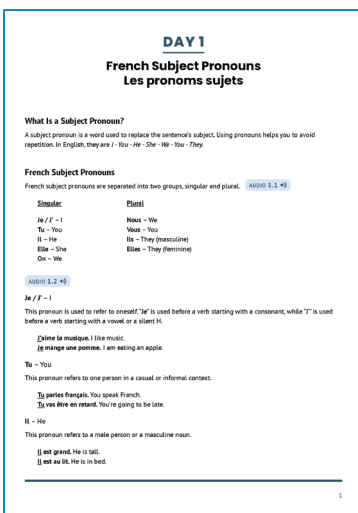

How Are the Lessons Presented?

The lessons are made of 3 elements:

- A video lesson

- An interactive PDF that you can fill in directly from your computer

- The audio of all the examples and exercises to improve your listening skills
