## WHAT IS A BRAND?

Advertising guru David Ogilvy originally defined a brand as “The intangible sum of a product's attributes: its name, packaging, and price, its history, its reputation, and the way it's advertised.

A brand is the way a product, company, or individual is perceived by those who experience it.

Examples: Coca-Cola, Apple, Google, Jumia, Konga, Cybersafe Foundation

## KNOW YOUR BRAND

As a Social media expert, every business has a brand. You should strive to know your business' brand. That is, your first job as a social media manager is to know the business and its brand before you manage it. For you to know the brand, you need to perform a brand audit.

### PERFORMING A BRAND AUDIT

For you to perform a brand audit, you need to be able to clearly define and describe the following attributes of a business. The Who, What, How and Why of the brand. You can get these from either the owners or their existing social platforms or websites.

## The WHY

Why do you as a business exist? What's your product or service offering? What's the business' vision? Why the particular product or service? This is how you clearly define what value a business is adding to the society at large. Are they meeting a need? Supplying a demand? Creating ease and convenience? What industry do you operate in?

## The WHAT

This is the most tangible aspects of a business' brand. The logo, what does it mean? The choice of colours? What emotions do they exude? The name, packaging, pricing, history, reputation, service, ads & brand statements.

## KNOWLEDGE CHECK

Select the odd one from the following elements of a brand audit:

- A. Where (Ans)
- B. Why
- C. What
- D. Who

## BRAND VOICE

Without a brand voice, it will be hard to beat the competitors or even target your ideal prospects. A brand voice is what sets every great business apart from others. This is why global companies budget at least 11% of their revenue on branding annually.

According to market estimates, total media advertising spending the United States in 2020 would amount to 225.8 billion U.S. dollars. By 2024, the figure is expected to grow to 322 billion dollars.

Examples of a brand voice: minimalism, sophistication, luxury, unique

## SOCIAL MEDIA PLATFORM FOR YOUR BRAND

Once you have identified your brand and attributes, you need to communicate socially to your customers and prospects. There are different social media platforms to communicate your brand. Some of the major ones are: Facebook, Instagram, Twitter, LinkedIn.

Which of the social media platforms is right for you?

- Your type of product or service
- Your target market
- Spy on your competitors

## KNOWLEDGE CHECK

A brand will have it difficult to differentiate itself from competitors without a brand voice

- A. True (Ans)
- B. False

## CASE STUDIES

# SOCIAL MEDIA CONTENT MARKETING

- What is content and why is it important for brands?
- Role of text, images and videos in content distribution
- Content Calendar
- Case study
- Resources

## WHAT IS CONTENT?

Content is any information, idea, event that is useful, purposeful and causes an effect or experience. E.g, Text, graphics, videos, events, etc.

## WHAT IS CONTENT MARKETING?

Simply, content marketing is creating and sharing content to attract (short term) and retain (long term) a defined audience.

## THE ROLE OF TEXT

### Caption

Captions are the social triggers on social media platforms which informs the audience to either take an action or just be informed.

### Copy/Copywriting

A copy is a text that aims to inform, persuade or entertain an audience to attract traffic or make a purchase. This is mainly found on graphics, videos.

# HOW TO WRITE A GREAT COPY

There are key things to note on how to write a great copy or caption:

- Think about the audience first
- Be as specific as possible
- Target emotions
- Use familiar language

## THE ROLE OF IMAGES

### Visibility

Images give more context to your caption and visibility to your brand. With the use of images, a defined audience' attention is easily attracted. This is why intentional brands use social media channels.

### Role of videos

Videos are more engaging and trigger even deeper emotions. E.g [Just do it campaigns by Nike,](#)

## KNOWLEDGE CHECK

Caption is different from Copy:

- A. True (Ans)
- B. False

## TYPES OF CONTENT

### Educational content

This type of content is used to educate your audience without necessarily selling to them. It's a way to create that "value added service". What Cybersafe Foundation does is an example.

### Promotional Content

This type of content is tactically produced to sell to your customers. This is the most popular.

## TYPES OF CONTENT

### User Generated Content

This type of content is organically created posts by happy customers which you in turn share on your own platforms.

### Repurposed content

Types of content that are repurposed from original content. A poll result used to educate or promote is an example.

## KNOWLEDGE CHECK

Ginger Tea helps you reduce high blood pressure. What type of content is this if it's coming from a Ginger Tea brand?

- A. Promotional
- B. Educational (Ans)
- C. Repurposed
- D. All of the above

## CONTENT CALENDAR

For you to be a successful social media manager, you need to know how to use a content calendar.

A content calendar is a schedule of activities, content that will be shared on a brand's social media platforms and is managed by the social media manager.

Benefit: It enables organisation and professionalism.

# What is Content Marketing

Content Marketing involves producing and disseminating articles, videos, podcasts, and other media across the web, social media, to draw in, hold onto, and grow an audience. When it's time to buy what you sell, people will think of your company first thanks to this strategy's promotion of brand awareness and establishment of competence. 90% of organisations use some type of content in their marketing efforts.

## Benefits of Content Marketing

- Increase visibility and awareness – Generate more leads
- Build customer loyalty – Community engagement
- Businesses with blogs get 67% more leads than other companies.
- 72% of business to business (B2B) marketers say content marketing increases engagement and the number of leads they generate.

## Qualities of Effective Content

- Relevant – Accurate – Clear – Original – Emotional appeal – Visual appeal – Accessibility – Call to action

## Content Alignment with the Buyer's Journey

- **Awareness stage:** Content aimed at this stage should focus on creating awareness, providing educational information, and addressing pain points or challenges.
- **Consideration stage:** Content at this stage should provide more in-depth information about different options, compare alternatives, and showcase the benefits and features of your products or services.
- **Decision stage:** Content for this stage should highlight your unique value proposition, testimonials, case studies, pricing information, and any other content that helps the buyer make a confident decision.

# Community Management

Content marketing helps you manage your community effectively. Community could be your followers, customers, stakeholders.

- Set clear goals – Know your audience – Choose the right platforms – Engage and respond promptly.
- Create and share valuable content – Monitor and analyze metrics.

# Paid Search

Paid search (search ad) refers to adverts that appear on search engine results pages (SERPs) that are paid for by advertisers. This is the opposite of SEO (organic search).

## KEY SEO COMPONENTS

- On-page optimization (keywords, content)
- Off-page optimization (backlinks, social signals)
- Technical optimization (site speed, mobile-friendliness)
- User experience (site navigation, engagement metrics).

## Common Search Query Types (customers)

- Informational queries (seeking information or answers)
- Navigational queries (searching for specific websites or brands)
- Transactional queries (intent to make a purchase or engage in a specific action)

## KNOWLEDGE CHECK

Which of the following isn't a key component of seo:

- A. On-page optimization
- B. Technical optimization
- C. Search ad (Ans)

# SERP (Search Engine Results Pages) Components

SERP components include:

- Organic search results – Paid search ads – Featured snippets
- Knowledge graphs and related search suggestions

## Keyword Research & Benefits

Keyword research is the process of identifying and analyzing the search terms or phrases that people use to find information on search engines. It helps marketers understand user intent, discover relevant topics, and optimize content to target specific keywords.

- Understanding User Intent
- Targeting Relevant Topics
- Enhancing Content Relevance
- Supporting Content Planning and Strategy
- Short and Long Tail Keywords

## SHORT-TAIL KEYWORDS

Short-tail keywords are brief and general search terms with high search volume but often high competition.

Case study: Payment Industry

- Payment methods
- Online payments
- Credit card processing
- Payment solutions
- Mobile payments

## LONG-TAIL KEYWORDS

Long-tail keywords are more specific phrases with lower search volume but higher intent and conversion potential.

- "Best payment gateway for small businesses"
- "Secure online payment solutions for e-commerce"
- "Contactless payment options for retail stores"
- "Credit card processing fees comparison"
- "Payment integration for WordPress websites"

## KNOWLEDGE CHECK

Long-tail keywords are general, while short tail keywords are more specific:

- A. True
- B. False (Ans)

## KEYWORD RESEARCH

Conduct keyword research by using tools like Google Keyword Planner, SEMrush, or Moz Keyword Explorer.

Use case: Google keyword planner

## Convert Keywords into SEO Content

To convert keywords into SEO content, incorporate them naturally into your website pages, blog posts, or other content formats.

Optimize meta tags, headings, and content body. Focus on creating high-quality, informative, and valuable content that matches user intent and addresses the keyword topic.

# MANAGING SEO AND OBJECTIVES

## SEO Objectives

- Traffic Sources
- SEO Metric Types
- Success Measurement

## SEO OBJECTIVES

SEO objectives are the goals and outcomes that businesses aim to achieve through search engine optimization.

Common SEO objectives include increasing organic website traffic, improving search engine rankings, enhancing brand visibility and awareness, generating leads or conversions, and optimizing user experience on the website.

## SEO TRAFFIC SOURCES

SEO traffic sources refer to the channels or mediums through which organic traffic is generated to a website. **The primary SEO traffic source** is search engines, such as Google, Bing, or Yahoo. When users perform searches and click on organic search results, they become SEO-generated traffic for the website.

## SEO METRIC AND SUCCESS MEASUREMENT

- Organic Traffic Metrics: Measure the volume and quality of organic search traffic to the website.
- Keyword Metrics: Assess the performance of targeted keywords, including rankings, search volume, and click-through rates.
- Backlink Metrics: Evaluate the quantity and quality of backlinks pointing to the website.
- Engagement Metrics: Measure user engagement on the website, such as bounce rate, time on page, and pages per session.
- Conversion Metrics: Track conversions or goal completions on the website, such as form submissions, purchases, or sign-ups.

## KNOWLEDGE CHECK

Is Instagram a primary source of SEO traffic:

- A. True
- B. False (Ans)

## SEO AUDIT

- Review website structure and navigation
- Assess on-page optimization factors
- Analyze website backlinks
- Perform keyword analysis
- Assess user experience (UX)
- Monitor website analytics
- Generate an audit report

13. A/B Testing

## Sources for email list (recipients)

- **Website Opt-in Forms:** Place opt-in forms on your website to capture email addresses from interested visitors.
- **Social Media:** Leverage social media platforms to promote your email newsletter and encourage sign-ups.
- **Offline Events:** Collect email addresses from attendees at events, conferences, or trade shows.
- **Customer Interactions:** Capture email addresses during customer interactions, such as purchases or customer service interactions.

## Define Contact Databases/Segmentation

- Maintain a well-organized and updated contact database to manage your email subscribers effectively.
- Segment your contact database based on relevant criteria like demographics, location, purchase history, or engagement level.

# AUTOMATION IN EMAIL MARKETING

Automation in email marketing refers to the use of technology and software to automate various aspects of the email marketing process. It involves setting up predefined workflows, triggers, and rules that automatically send emails or perform specific actions based on user behavior, predefined conditions, or a predetermined schedule. Automation allows marketers to streamline and optimize their email marketing efforts, saving time and effort while delivering timely and relevant messages to their audience.

## Benefits of automation

- Time-saving - Improved Efficiency - Scalability - Analytics and Reporting
  - Customer Retention

## Email Writing Design

- Use a clean and visually appealing layout.
- Incorporate white space.
- Use responsive design.
- Choose a readable font and size.
- Use visuals strategically.
- Maintain consistent branding elements.
- Optimize for quick loading times.

## Buyer journey

- **Awareness Stage:** At this stage, the buyer realizes they have a problem or need. Emails can focus on blog posts, guides, or resources that offer insights and solutions.
- **Consideration Stage:** In this stage, the buyer is actively considering different options and researching potential solutions. Email marketing can provide more in-depth content such as case studies, product comparisons, or demo videos that highlight the benefits and features of the solution being offered.
- **Decision Stage:** At this stage, the buyer is ready to make a purchase decision. Email marketing can provide targeted messages that include special offers, discounts, testimonials, or customer success stories to encourage the buyer to make a purchase.

# ANALYTICS

- Benefits of analytics
- A/B Test
- Key Campaign Measurement Metrics
- Open and Click Through Rates
- Bounce Rates and Unsubscribes

## Benefits of Analytics

- Performance Tracking – Audience Segmentation – Content Optimization
  - Conversion Tracking – Continuous Improvement

## Key Metrics

- Open Rate – Click-Through Rate (CTR) – Conversion Rate – Bounce Rate
  - Unsubscribe Rate – List Growth Rate – Spam Complaint Rate
    - Forwarding and Sharing Rate – Engagement Metrics

# A/B Test

A/B testing in email marketing involves comparing two or more variations of an email to determine which version performs better in terms of open rates, click-through rates, conversions, or other desired metrics. It helps marketers understand what elements of an email (e.g., subject line, layout, CTA, images) have the greatest impact on engagement and conversion rates.

## Key Components

- Identify the Element to Test – Create Variations – Split your Audience – Send the Emails
- Monitor and Analyze Results – Draw Conclusions – Implement the Winning Variation

# Analytics dashboard

- Open and Click through rates
- Bounce rates and unsubscribes
