

This is a complete of all the materials needed for the Primary Grades: Ancient Era summer course.

We have provided a list of all materials needed on a weekly basis for easier preparation of lessons. For all lessons, the child should have **tracing paper** available, and the usual items such as pencils, eraser, sharpener, scissors etc.

We advise you to prepare all the materials in advance and store them in one location that is easy for your child to find. This ensures that your child has the materials before each class. It also allows you to relax and have a cup of coffee every class!

Materials Needed

Week 1:

- Magazines
- Scissors
- Glue
- Colored Paper

Week 2:

- Printout of the Animal cutouts (provided in the Materials for Activity section)
