## 12. 2-1-2 Adjectives

Please provide the article and adjective endings in the table below. I did the nominative, masculine, singular for you. Do not worry about accents.

I realize this is a repetitive. But this kind of practice really helps to stick ideas in the brain. You may check your answers in the Mt. Koívn Grammar.

| the good word / beginning / work |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  | Masculine (2nd declension) |  | Feminine (1st declension) |  | Neuter (2nd declension) |
| $$ | N | OS | ó $\alpha \gamma \alpha \theta$ о̧ $\lambda$ о́ $\gamma$ os the good word | $\alpha_{\sim} \eta$ | $\begin{aligned} & \text { the good beginning } \end{aligned}$ | OV | $\qquad$ $\alpha \gamma \alpha \theta$ $\qquad$ ๕pүov the good work |
|  | G | $0 \cup$ | $\begin{gathered} \dot{\alpha} \gamma \alpha \theta \text { of the good word } \\ \text { dó } \end{gathered}$ |  | __ $\dot{\alpha} \gamma \alpha \theta_{\ldots} \quad \alpha \rho \chi \tilde{\eta} s$ of the good beginning | OV | $\dot{\alpha} \gamma \alpha \theta$ $\qquad$ "́p you of the good work |
|  | D | $\omega$ | $\dot{\alpha} \gamma \alpha \theta_{\text {__ }} \lambda^{\prime} \gamma \underline{\underline{\omega}}$ to the good word | $\left.\alpha_{6} \times 1\right]$ | __ $\alpha \gamma \alpha \theta_{1} \alpha \dot{\alpha} \hat{\eta}$ to the good beginning | $\omega$ | ___ $\dot{\alpha} \gamma \alpha \theta_{\text {__ }}{ }^{\prime} \rho \gamma{ }_{-}^{\omega}$ to the good work |
|  | A | OV |  | $\alpha v_{\sim} \eta v$ | the good beginning | OV |  |
| $\frac{\overline{\mathrm{o}}}{\frac{\overline{3}}{\mathrm{a}}}$ | N | 01 | _he good words $\quad \dot{\alpha} \gamma \theta_{\text {ó }}$ | $\alpha$ | $\overline{\text { the }} \dot{\alpha} \gamma \alpha \alpha \theta \bar{\alpha} \text { ood beginnings } \alpha \alpha^{\prime}$ | $\alpha$ | $\dot{\alpha} \gamma \alpha \theta$ __ $\quad$ है $\beta \gamma \underline{\alpha}$ the good works |
|  | G | $\omega \mathrm{V}$ | $\dot{\alpha} \gamma \alpha \theta$ __ $\lambda \dot{o} \gamma \omega v$ of the good words | $\omega \mathrm{V}$ | $\alpha, \alpha \gamma \theta$ $\alpha \rho \chi \bar{\omega} v$ | $\begin{aligned} & \omega \\ & v \end{aligned}$ | $\dot{\alpha} \gamma \alpha \theta$ __ ${ }^{\varepsilon} \rho \gamma \omega v$ of the good works |
|  | D | 015 | $\dot{\alpha} \gamma \alpha \theta$ $\qquad$入óүols to the good words | $\alpha 15$ | $\alpha \gamma \alpha \theta$ $\alpha \rho \chi \alpha i s$ | Ol ع |  to the good works |
|  | A | ov |  the good words | $\alpha \zeta$ | the good beginnings | $\alpha$ | $\dot{\alpha} \gamma \alpha \theta$ __ $\quad{ }^{\varepsilon} \rho \gamma \underline{\alpha}$ the good works |

On the next page, supply the correct form of the 2-1-2 adjective ${ }_{\alpha}^{\alpha} \gamma \mathrm{l}$ (holy) with the nouns and provide a translation. Don't worry about accents.

Remember, the adjective must match the noun in case, number and gender.
You will probably find this challenging. Do your best, then use the answers in the back to help.

All of the nouns were on the week 2 vocabulary list.

|  | Adjective <br>  | Noun | Translation |
| :---: | :---: | :---: | :---: |
| 1 | $\dot{\alpha} \gamma^{\prime} \dot{\alpha} \alpha$ | $\zeta \omega へ ָ$ | to a holy life |
| 2 |  | 入óүоטऽ |  |
| 3 |  | $\lambda 0 \gamma \tilde{\omega} \mathrm{~V}$ |  |
| 4 |  | $\zeta \omega \alpha \tilde{\imath} \zeta$ |  |
| 5 |  | ＂＇p $\gamma \alpha$ |  |
| 6 |  | סó\} $\alpha$ |  |
| 7 |  | $\kappa \alpha \rho \delta^{\prime} \alpha$ |  |
| 8 |  | ${ }^{\circ} \gamma \gamma \gamma \lambda \lambda 015$ |  |
| 9 |  | غ̇pүoṽ |  |
| 10 |  | Ėkк入ךбíav |  |
| The words below are trickier since they are third declension nouns． <br> The endings of $\alpha \not \gamma l o \varsigma$ will not match the nouns they modify． ${ }_{\alpha}^{\alpha} \gamma l o s$ is a 2－1－2 adjective but these nouns are 3rd declension． <br> Remember：the adjective must match the noun it modifies in case，number \＆gender． <br> The declensions do not have to match． |  |  |  |
| 11 |  |  |  |
| 12 |  | $\text { óvó } \mu \alpha \tau \imath$ |  |
| 13 |  | хо́pıтعऽ |  |
| 14 |  | $\beta \alpha \sigma l \lambda \lambda^{\prime} \omega v$ |  |
| 15 |  | $\pi i \sigma \tau \downarrow v$ |  |
