Turn Designs to Path (if an image is not a Patch, it cannot be saved as cuttable svg)
Turn Strokes into Paths. A stroke is the line you get when you use the Bezier tool to draw something

Union is to Unite or Weld, Merge two or more images together. They become one and get the same color.

Difference is to cut or subtract an image out of another. Here the top image will be cut out of the bottom image

Break Apart Images that are not united.

Fill: N/A Stroke: N/A O: 0   Layer 1 No objects selected. Click, Shift+click, Alt+scroll mouse on top of objects, or drag around objects to select.

Now take each small circle and join it to circle 2 Like this

This is one side of the Puffs

Select the bunch of the puff image and go to Patch.

In the drop down menu click on Union.

You'll get this

#Whenever you make a mistake Press Ctrl+Z to UNDO it.

Duplicate this puff . Youll have 2:

**To have them facing each other,
Select the right one and press H**

How to make a Simple Afro puffs silhouette svg.

1. Draw a circle.

Click on Circle and hold and drag your mouse

2 Draw another circle, a smaller one.

3. Now draw a smaller one

#Whenever you make a mistake Press Ctrl+Z to UNDO it.

We'll work with circle 2 and 3 for now.

To duplicate circle 2,

Stand on Circle and press Ctrl+D. and drag it out.

Do the same with circle 3, duplicate this one 6 times, because we will put them around circle 2.

Go back to Circle 1, Place it here

Take the two puffs , and connect them to circle 1

#Whenever you make a mistake Press Ctrl+Z to UNDO it.

Select the whole puffs combination and go to Path, and select Union. It will turn into this

Tada , you have your Afro Puffs

**With this simple technique ,
you can create different types of Afro puffs
The side puff, the pony puff etc.**
