Welcome to Video 9 of Home Planner. In this video, we are going to define your needs. But first, I have a video for you. I hope you like TV series Friends. Let's have a look.

So think about this for a moment. What do you want? What do you really need and make a list, it can be a very helpful tool. You can start with a list of free time activities. Look at the list and check all the things that you really like doing.

reading, watching TV, writing, sleeping, sewing, painting, surfing the internet, playing with kids, cooking, photography, dancing, studying, doing crosswords, growing plants, spending time with family, meeting with friends, listening to music

And you can also write your ideas. So which of the free time activities are your favorite? What do you like doing? You can answer the question by saying 'I like...' but you can also say 'I'm into', 'I love', 'I enjoy'.

So you can for example, say 'I'm into tennis. I love cupcakes. I enjoy coffee'. And you can also say 'I'm into playing tennis. I love baking cupcakes. I enjoy drinking coffee'.

Try to answer the question: What don't you like? You can say 'I hate' but you can also say 'I don't like' or 'I can't stand'. So for example, he can say 'I don't like apples. I can't stand him'. And you can also say 'I don't like eating apples. I can't stand talking to him'.

And the last question to define your needs: What are you okay with? You can answer the question by saying 'I don't mind'. So for example, I don't mind watering the plants.

And now a task for you. In your workbook, answer the question: What do you like doing? and make a list of your favorite free time activities. Remember to take your workbook and write down your answers. That's it and see you in the next video.
