KDROI

The **KDROI software** submits your book promotion to over 24 sites in 15 seconds without filling in mindless forms or having to outsource the submissions to freelancers.

Build a High-Converting Author Website with Authorcats

Create an amazing author website with **Authorcats**. Turn visitors into subscribers, paying fans, and lifelong readers. Their website templates are designed from the ground up to convert visitors into paying readers and lifelong fans.

No more duct-taping together a dozen different plugins, **Authorcats** has everything you need to grow your author business right out of the box, including landing pages, book pages, joint-promo pages, customisable blocks, automated ebook delivery, and more.

You can even filter your catalogue by genre or pen name – so as your backlist grows, they'll scale up with you, no matter what genres you write.

With their new **Concierge Service** (included with your free trial), they'll handle all the tech setup – including website hosting, creating a staging site, and installing our theme. So you can focus on the fun stuff, like customizing your content and writing your next bestseller.

TextSharks Professional Blog Post Writing Services

Tired of searching for writers and negotiating the price? Now you can hire professional writers to create content that converts customers and engages your audience. Their speciality is assigning projects to their writers based on their specific knowledge of your industry.
