COURSE INTRODUCTION

Welcome to the Immigration Psychological Evaluations: A Certification Course for Clinicians. My name is Carol Rose Adkisson. I am a Licensed Marriage and Family Therapist in California #83484 and I will talk you through this entire process.

WHY AM I DOING THIS COURSE?

As a child of an immigrant that I have no memory of, and myself having a daughter that is dating a boy living in France, I have a heart for immigration clients to receive their residency status. In other words, I know what it feels like to be separated as a family from the one you love. I feel compelled to help them.

Have you worked with Trauma? Do you understand the special privilege it is to sit with someone in pain?

I hope your answers to these questions were yes. If so let's dive in. Carol Rose Adkisson
