

Preparation of our Fireside Chat – Dialogue with an experienced Leader

Preparing and leading dialogue is a leadership discipline. That's why we will now make this experience as the whole group here in 3 steps:

- 1) The whole group self-organizes and together prepare for the fireside guest (2 hours)**
- 2) Leading the dialogue with our fireside guest in the next workshop (1 hour)**
- 3) Reflection after the meeting: How did we manage to prepare and lead a successful dialogue with our guest? (1 hour)**

Preparation of our Fireside Chat – Dialogue with an experienced Leader

The whole group self-organizes and together prepare (2 hours):

- 1) What do we want to learn from our guest (our questions)?**
- 2) How exactly will we conduct the dialogue (how to receive our guest, facilitate, which kind of setting, ...)**
- 3) What do we ourselves want to tell our guest?**
- 4) Etc...**
