

BROW EXTENSION AFTERCARE

Brow Extensions last 3 week - 4 weeks with proper after care.

- Be gentle with your brows; no rubbing for the first 48 hours
- Do not get your brows wet for the first 24 hrs
- Do not use harsh products on your brow area
- Use of Sauna/Steam is possible after 48hrs, but may shorten retention time
- No eyebrow makeup for 24 hours, after you can use oil free makeup or powder only
- No other facial beauty treatments for 24hrs
- After the first 24 hours wash the brows with LashX Lash Cleanse regularly to remove natural oils

MAINTENANCE

Cleanse regularly with LashX Lash Cleanse to keep brow extensions lasting longer

Regularly and gently brush brows into place as needed

Try to avoid sleeping directly on your face

Do not use oil based products except for LashX Nourishing Treatment - which is specifically formulated for post procedure
