Monthsy Overview

RHYTHM OF THE YEAR

When astrology is intense, expect energy in the collective & personal realm to feel busy, energized. There is more going on in the news, and maybe in your personal life, depending on your chart.

- 1) Low: boring, no strong astrology (at least on a collective level).
- 5) Very High: strong activity, like 2020 strong. Watch the news & pay attention to the collective conscious.
