Hey I'm Nick, I have a quick question for you....

Do you work with military home buyers?

Do you like helping military veterans use the VA Home loan program to become a new homeowner or refinance their home?

Well we're actually generating leads right here in this state and we're looking for 2 loan officers right now to partner up with to take the leads.

They're exclusive customers, nobody else gets their information except for you.

And here's what you get when we refer you a new buyer:

You're going to get their...

- Full Name
- Their Cell Number
- Email Address
- Estimated Credit Score
- The loan amount they're requesting to finance
- Their home mailing address
- What branch of the military they were active in
- When they want to take the next step with you

We can even qualify them for you and schedule appointments if that's what you'd like.

We'd love to help you out to grow your business by sending you these customers.

So if you think this program might be a good fit for you and I will get on the phone with you and explain exactly how it works and get you going. Talk to you soon!
