

A collection of vintage tools is arranged on a dark, vertically-grained wooden surface. The tools include two axes (one with a leather sheath, one with a metal head), a claw hammer, a mallet, a hand saw, a pair of work gloves, a tape measure with a 'CRAFTSMAN' logo, a pair of pliers, a small folding knife, and a metal bell. The scene is lit from the left, creating a strong shadow and highlighting the textures of the wood and tools.
