NOTE: Please complete the lessons in the order they are provided.

Create a scrapbook page or greeting card using the Separated & Blended Paper lesson.

Tips for this challenge:

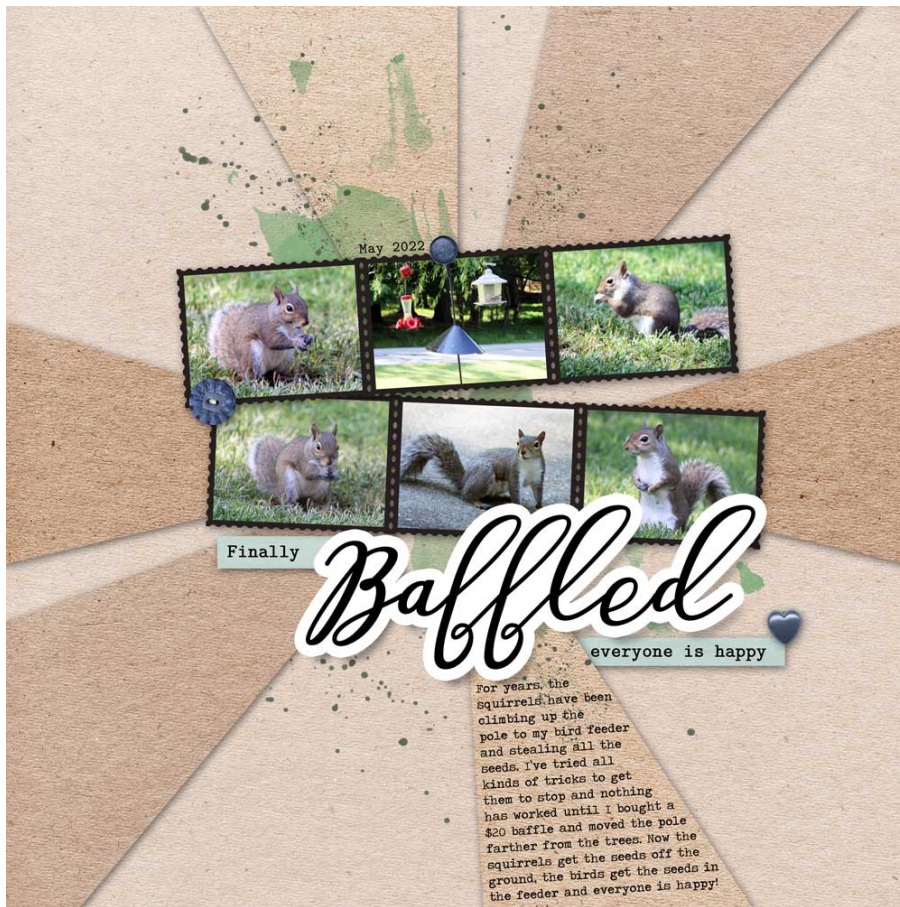

- Vary the widths of the bursts and the space between bursts to create a different look.
- Use only one paper for the background.
- Rotate the burst for additional variation.
- Make sure the focal point of the page sits at the center of the burst.

Finish your scrapbook page that uses this technique and [share it with us in Community](#).
