The screenshot shows a web browser window with the URL <https://support.microsoft.com/en-in/help/258824/how-to-change-your-keyboard-layout> in the address bar. Below the address bar, there is a navigation menu with 'Apps' on the left and a red text overlay on the right that reads: 'Depending upon your Windows Version, Add Ka-Naada keyboard layout to your select language. Activate On screen display of language bar and keyboard for convenience.' Below this, there is a notification for 'Windows 7 support has ended' with the text 'Get all the features you know and love in Windows 10.' The main navigation bar includes the Microsoft logo, 'Support', and links for 'Microsoft 365', 'Office', 'Windows', 'Surface', 'Xbox', and a 'Buy Microsoft 365' button. Below the navigation bar, there is a secondary menu with links for 'Products', 'Devices', 'What's new', 'Account & billing', 'Templates', and 'More support'. The main heading of the page is 'How to change your keyboard layout', followed by a sub-heading: 'Applies to: Comfort Curve Keyboard 2000, Wireless Desktop 3000, Microsoft Windows XP Home Edition, [More](#)'.
