- Open the scrapbook page (File > Open) that you created in this class.

### Remove the Drop Shadow Effect

- In the Layers panel, click on the Crafty Stamped Ticket group to activate it.
- Click on the arrow to open that group. If there's an additional group, click on the arrow to twirl opened that group.
- Double click on that Effect icon of the shape layer to open the Style Settings dialog box.
- In the dialog box, uncheck Drop Shadow and click OK.

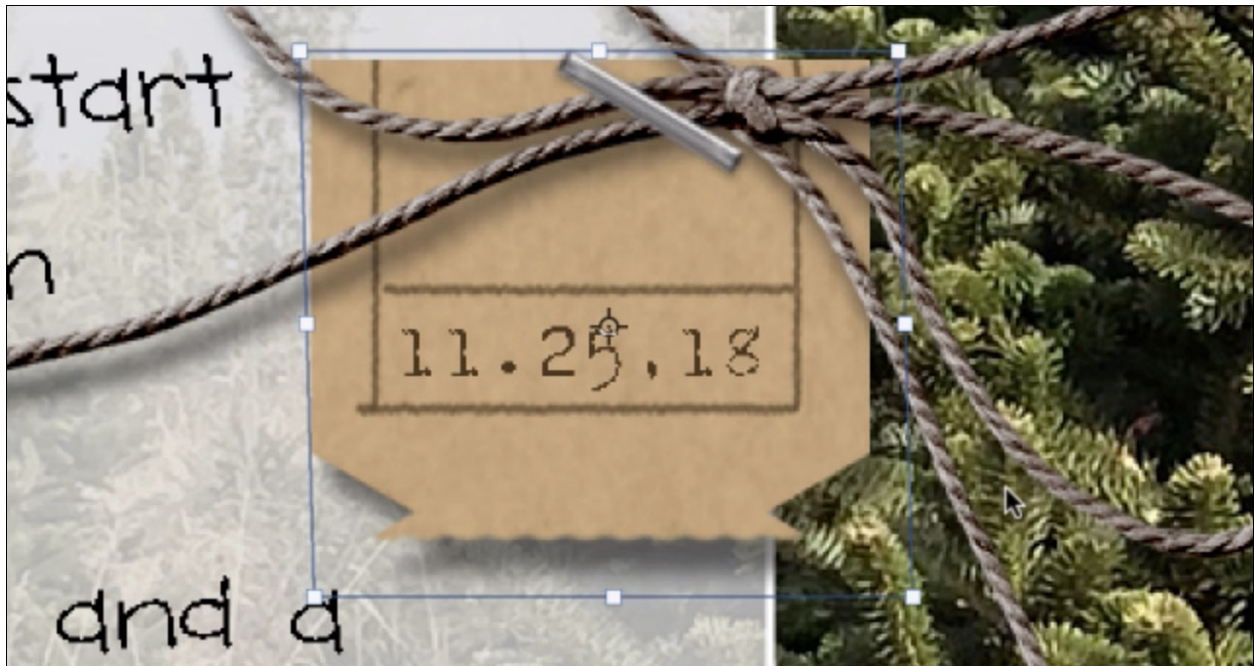

### Create a Custom Shadow

- In the Layers panel, click the arrow to close the topmost group.
- Click on the topmost group to make it active.
- Press Ctrl J (Mac: Cmd J) to duplicate the group.

- In the Menu Bar, choose Layer > Simplify Layer.
- In the Actions panel, navigate to your custom shadow action folder, twirl open the folder, then click on the Custom Shadow action to activate it.
- Press the Play icon.
- Click stop to accept the notification and finish the action.
- In the Layers panel, click and drag the simplified ticket layer to the Trash icon.
- Click on the arrow of the ticket group to open the group.
- Click and drag the custom shadow layer directly below the masked shape layer.

#### Transform the Shadow

- Press Ctrl T (Mac: Cmd T) to get the Transform options.
- On the document, hold down the Ctrl key (Mac: Cmd key) and click and drag on the bottom handle of the bounding box to skew the shadow down and slightly to the right.

- Click the checkmark to commit.
- Close the group.
- Save the document (File > Save).
