

TCC CARE STRUCTURE

Community Groups are the primary vehicle for care at Two Cities Church. In community, we can walk with other believers through their unique sins and struggles in order to be conformed to the image of Christ. However, there are situations in which additional care is needed, beyond the CG Womens Lead and CG Leader level. This is why every CG Leader has a Coach (who may also be a TCC Elder), and every Coach has a Head Coach (who may also be a TCC Elder). Having this structure in place allows leaders to care for those they are seeking to lead, feed, know, and protect; and when they need help caring for others, our leaders are not alone because of our Coaches, Head Coaches, and Elders.
