

# CG COACHING DEVELOPMENT ASSESSMENT

This resource is to help you assess where your leaders are currently at and establish next steps of development for the five areas of CG Leadership: Ministry, Mission, Mercy, Leadership, and Administration. If you're a Head Coach, you will use this for each of your Coaches. If you're a Coach, you will use this for each of your CG Leaders. This assessment is to be taken two times per year – once in the New Year (January) and once in the Summer (July). Our desire is for you to reference this assessment regularly as you seek to communicate with your leaders and help them develop and grow at Two Cities Church.
