

- [Justin] Hi, I'm Justin Putney. I'm the creator of in5.

In this course, you'll learn how to create a pop-up inside of InDesign as well as how to launch a video into that pop-up window. There won't be any kind of coding whatsoever and you're gonna be amazed with what you've created in just a few minutes, as will your boss and your clients.

So let's get started and learn how to create a video pop-up with InDesign and in5.
