

5-Step Process For Homework Success

Choose a day to start

CONSIDER YOUR TIME

Getting Homework done requires reflection and prayer. Set aside a day and time so that you can think and pray with the Father. This will take some planning on your part. Do this now.

Fulfill the requirements

FILL OUT FORMS & SUBMIT ESSAY

Some of the Homework will be filling out forms or writing down your thoughts. Be prepared to jot down things that the Father shows you during your Homework.

Getting in the Spirit

ASK HOLY SPIRIT TO COME

Asking the Holy Spirit to help lead and guide you will be key to your success in this process. Remember: If He leads you into something it's because He wants to lead you OUT of something. He is the champion of your freedom. Trust Him to steer you into your Sonship.

Check thoroughly

ENSURE EVERYTHING'S IN ORDER

When Holy Spirit is working in you, be sure to carefully do everything that is given to you. You want to be sure not to miss any details. If you are making assumptions on what you are seeing or hearing, be sure to write down that it is your assumption. If you feel very sure about what you are hearing, write that down. Be honest and make notes of your confidence level on what you are hearing from Holy Spirit.

Complete and submit

BEST TO SUBMIT BEFORE DEADLINE

Be sure to be a diligent student in BOSSM. Putting things off only makes you rush through material and doesn't equip you thoroughly. I want to ensure that when this class is completed, you can move forward in victory, NOT just complete another class.
