NOTE: Please complete the lessons in the order they are provided.

Create a scrapbook page or greeting card using the Multiple Patterned Papers lesson.

Tips for this challenge:

- Vary the widths of the bursts and the space between bursts to create a different look.
- Use one background paper behind the rays, but clip a different paper to each of the rays, rotating the papers as needed.
- Rotate the burst for additional variation.
- Make sure the focal point of the page sits at the center of the burst.

Finish your scrapbook page that uses this technique and [share it with us in Community](#).
