FPE-S2-C4-Challenge-manual

Scrapping with Filters: The Pointillize Effect
Challenge 4: Final Challenge

As you continue on your creative journey, don't be afraid to think outside of the box and grab something unexpected and give it a go. With this technique you never know what you may end up with!

Terms of Use

Try This Technique On:

- Alpha letters & numbers.
- Textures.
- Lots of different photos.
- Just portions of photos, zoom in, get up close and personal!
- Lots of papers in different colors, themes, and textures.
- Elements galore! Try applying the filter to portions of an element by first drawing a selection around the part of the element you want, and then pressing Ctrl J (Mac: Cmd J).

Share your Results (Optional)

- In the private Facebook Group for this class. (Access information is in the Welcome Section in the classroom).
- Share in the Digital Scrapper Community.
- Use the hashtags of #digitalscrapper and #pointillizeeffect or #whatsthepoint
