

Nautical Adventure

The Secret Garden Geography Adventure!

Part 1: Mary's Journey

Mary's voyage from India to England was quite the adventure. Based on historical speeds of ships at the time, they could travel at about 10-15 miles per hour. The distance between India and England is approximately 10,000 miles.

Part 2:

Now, it's your turn to be a geography detective! Determine how long Mary's journey from India to England would take by ship, based on historical speeds.

At 10 mph: _____ hours, _____ days, _____ weeks

At 15 mph: _____ hours, _____ days, _____ weeks

- Formula for hours: Total Distance / Speed = Total Hours
- Formula for days: Total Hours / 24 = Total Days
