

THE MAGIC OF THINKING RICH DAY- 14 SUMMARY (ENGLISH)

BSR Sir Welcomes day 14 with a Powerful round of Celebration, with the new song of The Magic of Thinking Rich “Soch se Hum Taqdeer Badal Den.”

Sir talks about lessons from Author Dr. Stephen R Covey’s creation “**The 7 Habits of Highly Effective People**”

This book also talks about the two Circles, the circle of Concern and the circle of Influence

Circle of Concern and Circle of Influence.

The Afghanistan-Taliban case is an example of a circle of Concern that grows by itself as we focus more, we make it grow more. We waste our energy in the circle of concern. Hence this circle becomes big in size.

Whereas the circle of Influence talks about influencing or getting influenced by a good habit or deed. A few people focus on this circle hence the circle of Influence remains small. BSR Sir explains to us to focus more on this and make the circle of Influence grow bigger than the circle of Concern.

An Important Announcement is made by BSR Sir related to the morning free meditation sessions. Today he shares 30 techniques that are regularly used to program the Subconscious Mind. Sir requested to share to the maximum people and join these free sessions for the maximum benefits.

BSR Sir on day 14 talks about Understanding the 6 Human Needs to achieve success in any aspect of life.

The 6 HUMAN NEEDS are essential to get fulfilled for guaranteed success. This is explained in the form of 6 tankers, hence to succeed in life the 6 tankers or needs to fulfill we must understand each one separately.

The **1st** tank is the need of **CERTAINTY**. Every morning this need should be fulfilled. We all want security, safety in life. Why doesn't a kid study? Because he feels there is no certainty in his studies. This need is Powerful as well as Dangerous. People can get indulged in murder or in wrong direction.

A Powerful person knows the reason to fulfill this task, focusing on learning long term results. More risk, more success. Can be understood as fulfill in Positive means or negative means.

BSR Sir repeats his Signature Move that creates Certainty in the body.

The **2nd** need is the need of **VARIETY**: Why do people watch TV? People go in the wrong path, because they require immediate variety. Example watching more Instagram reels. Negative ways time wasters, waste time in all those activities that provide only variety but no positive results.

Sir makes people aware of positive ways of education. Make learning fun and interesting. Sir also explains the role that Certainty and Variety plays in the relationship of a couple.

The 3rd need is the need of **SIGNIFICANCE**. Example of a housewife, the attention she desires after working hard and taking care of the complete family. Sir also talks about the show off factor for significance as seen in the marriage functions, in politics etc. Power is another name of Significance.

The 4th need is **LOVE AND CONNECTION**: Most often people unknowingly try to fulfill the above 4 needs in general.

The 5th need is the need of **GROWTH**: This need requires all the four needs 1 to 4 to actually happen in life.

The 6th need is the need of **CONTRIBUTION**: Give back to society. BSR Sir inspires all to start contributing. India needs more contributors and not consumers. Start small. When you contribute, automatically you get all 5 above needs fulfilled. This is the power of contribution.

“IF YOU SUPPORT THE WORLD SELFLESSLY, THE WHOLE UNIVERSE SUPPORTS YOU ENDLESSLY”
