## Mixed Skip Counting Lesson and Practice

Follow the counting instructions above each set.

Count by 5s from 0 to 35

| 0 |  |  | 15 |  | 25 |  | 35 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |

Look at the first number given. Since we have to count by 5 s , add 5 to the first number given.
$0+5=5$
Fill 5 in the first blank in the table.

| 0 | 5 |  | 15 |  | 25 |  | 35 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |

Again, add 5 to the number obtained above, i.e.

$$
5+5=10
$$

Similarly, keep adding 5 to the number obtained last. Fill in the blanks in the table.

| 0 | 5 | 10 | 15 | 20 | 25 | 30 | 35 |
| :--- | :--- | :--- | :--- | :--- | :--- | :--- | :--- |
