

# Simple SVGs and Cricut™ Design Space

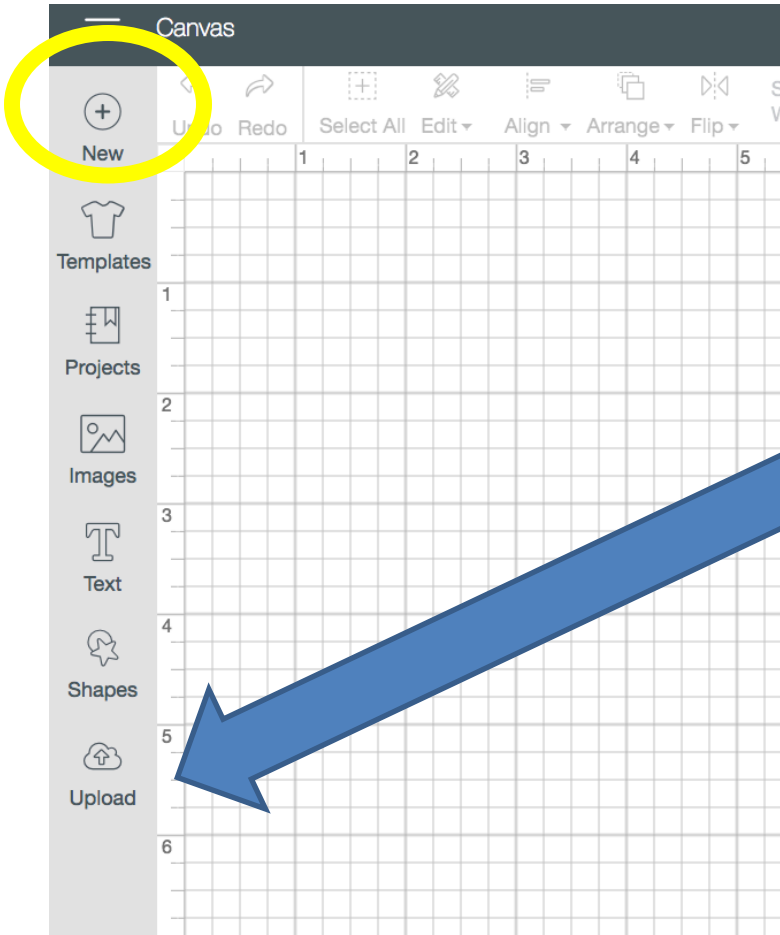

[www.cricut.com](http://www.cricut.com) and click on DESIGN

- And you will be prompted to download the Desktop version of Design Space
- This looks the same as the web based Design Space we have come to know and love but you will see an increase in speed. You can also save your projects to your computer and work offline if you choose.

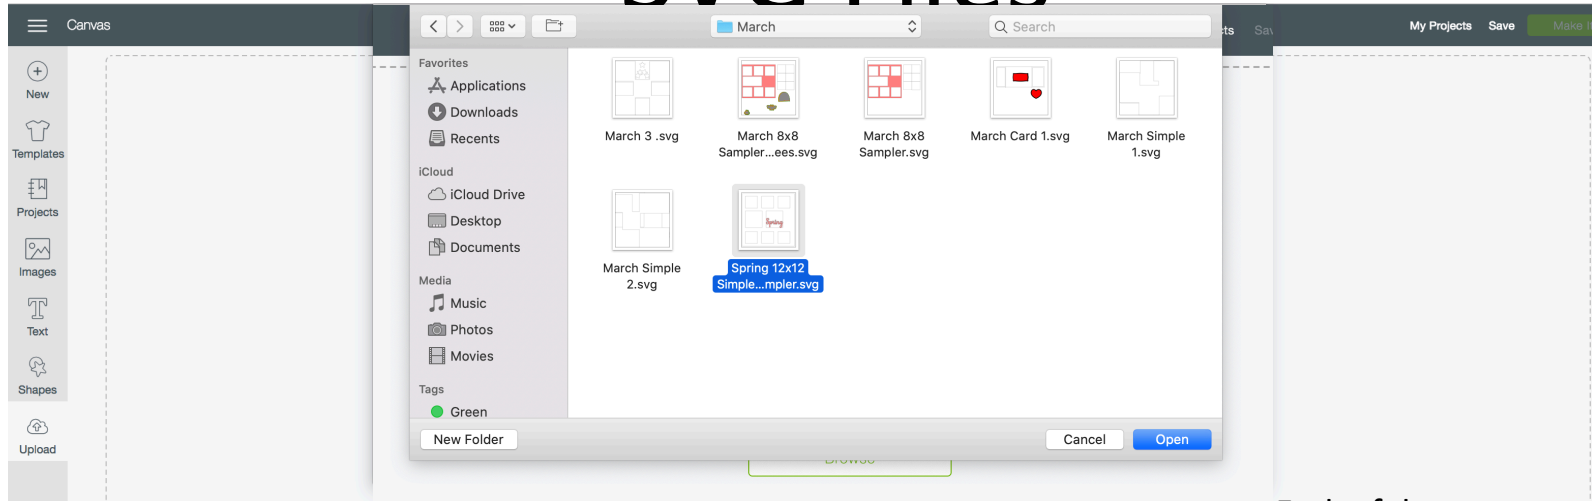

# To Upload my Simple SVGs

New: Gives you a blank canvas to create your project

PROJECTS: This is where you will find Make it Now Projects AND any projects that you have created and saved.

# SVG Files

Each of these can  
be a bit different  
depending on the  
designer
