Setting you up for business success

WELCOME

Hello and welcome to the Startup Entrepreneur Academy. Thank you for giving me the wonderful opportunity to launch your business!

I am so excited that you are taking this entrepreneurial leap with me to start something that excites you...and is all your own. There is no greater feeling than knowing what you set out to create for the people you want to serve is exactly what they're looking for.

This is why I created this course. Too often, I found individuals eager to get their business off the ground, but lack the support, mentoring and resources they needed to move ahead. Instead, I wanted to bring that knowledge to you in one simple place.

As you dive into this course, we will be laying the foundation for your business. Each module will have an online component to watch, followed by an exercise or PDF worksheet for you to fill out and refer back to.

You will have lifetime access to this course so take it at your own pace and make time in your schedule to keep building the blocks for your business success! My trusted colleagues and I will be sharing our expertise with you on a variety of subjects from mindset, marketing, sales, networking and more to get your business started and on the right track.

Throughout the next few months, you and I will schedule our three 30-minute accountability/mentoring calls. This is a great opportunity to ask any questions you have or share any struggles that you're facing so that we combat them together. Schedule your first call with me at <http://bit.ly/strategywithtisha>.

In addition, you will have access to my private Facebook group (Startup Entrepreneur Academy) to provide you with additional support and encouragement every step of the way. Friend me at <http://facebook.com/tisham.pelletier> and I'll add you to the group.

Are you ready to make it happen? Let's go!

Your first step is to fill out the About Me & My Business PDF in the welcome section so I can learn more about you.

Look forward to working with you this year!
