

ELITE PET UNIVERSITY, LLC

HOW THE CLASS WORKS

Freshman Course

Which level are you?

LEVEL 1

Online course only. Entirely self-paced and access to course for 1 year.

LEVEL 2

Online course and private Facebook group. Ability to interact with other students and instructor online. Ask questions and submit video for feedback.

LEVEL 3

Online course, private Facebook group, and in-person 6 week class.

LEVEL 1

- **Online Only**

All of the learning materials will be provided through this website platform

- **Access for 1 year**

You will have access to this course for 1 full year. This will allow you to work through the 6 weeks' worth of material at your own pace.

- **Self-paced**

You are the only one to hold yourself accountable. If you need a week off, just pick up where you left off and you can't fall behind.

LEVEL 2

- **Online Only**

All of the learning materials will be provided through this website platform

- **Support System**

Get the classroom feel without the classroom by interacting with fellow students.

- **Private Facebook Group**

1 year access to private Facebook group to interact with fellow students, ask questions, and submit video for feedback

- **Interact with Instructor**

Through the Facebook group you will be able to interact with the instructor, ask questions, and submit video showing your progress and trouble spots.

LEVEL 3

- **Online & In-person**

Get 1 year access to the course online through this website platform. Also attend an in-person 6-week class.

- **6 week in-person class**

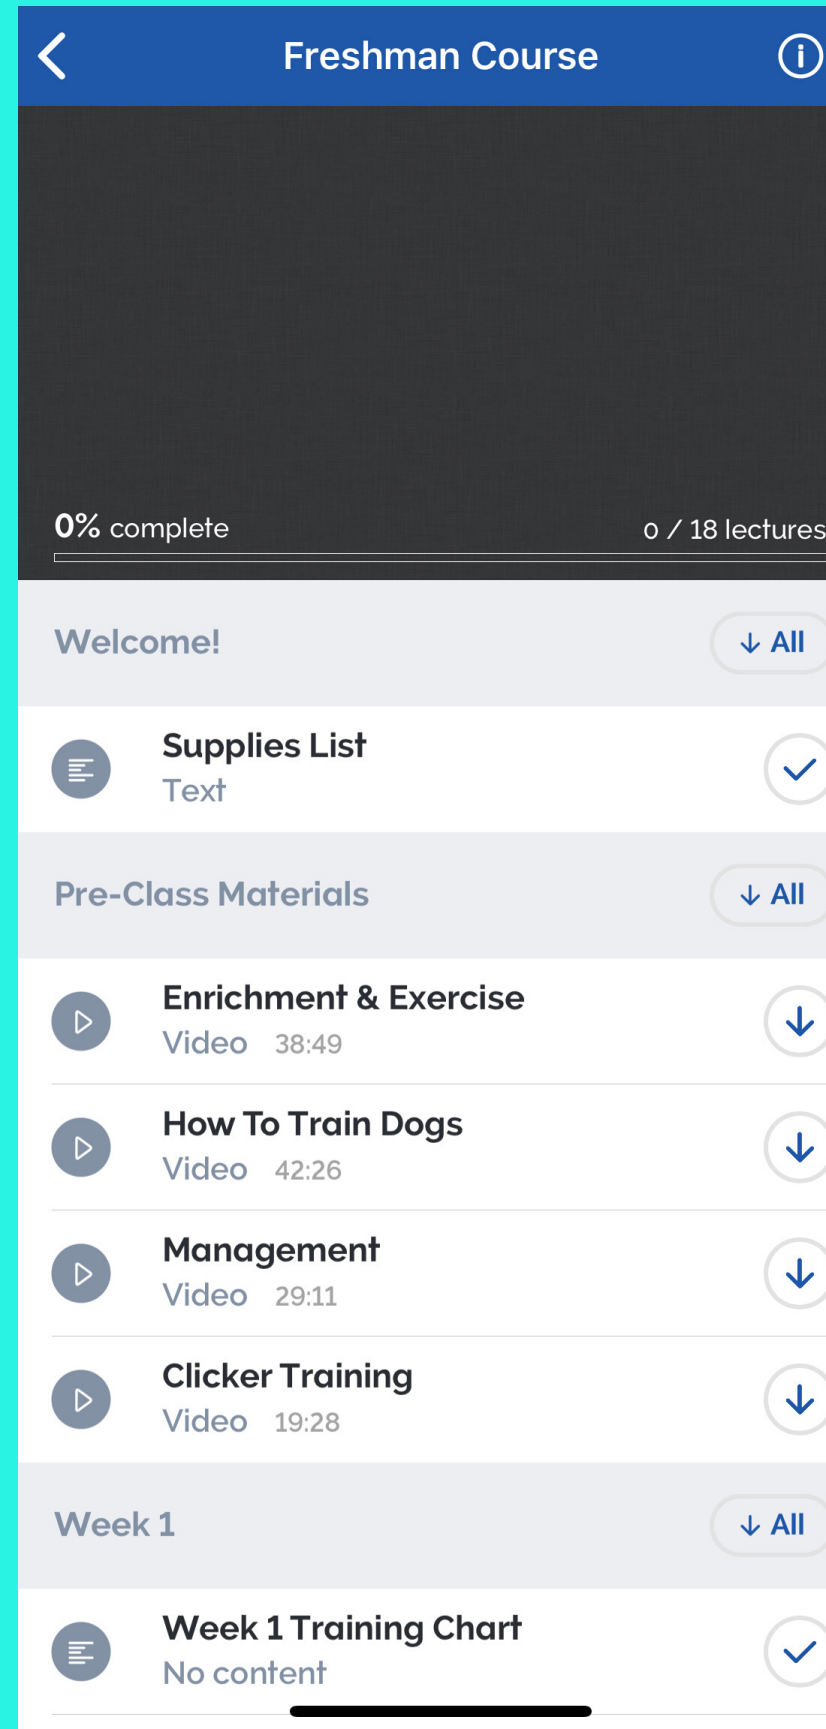

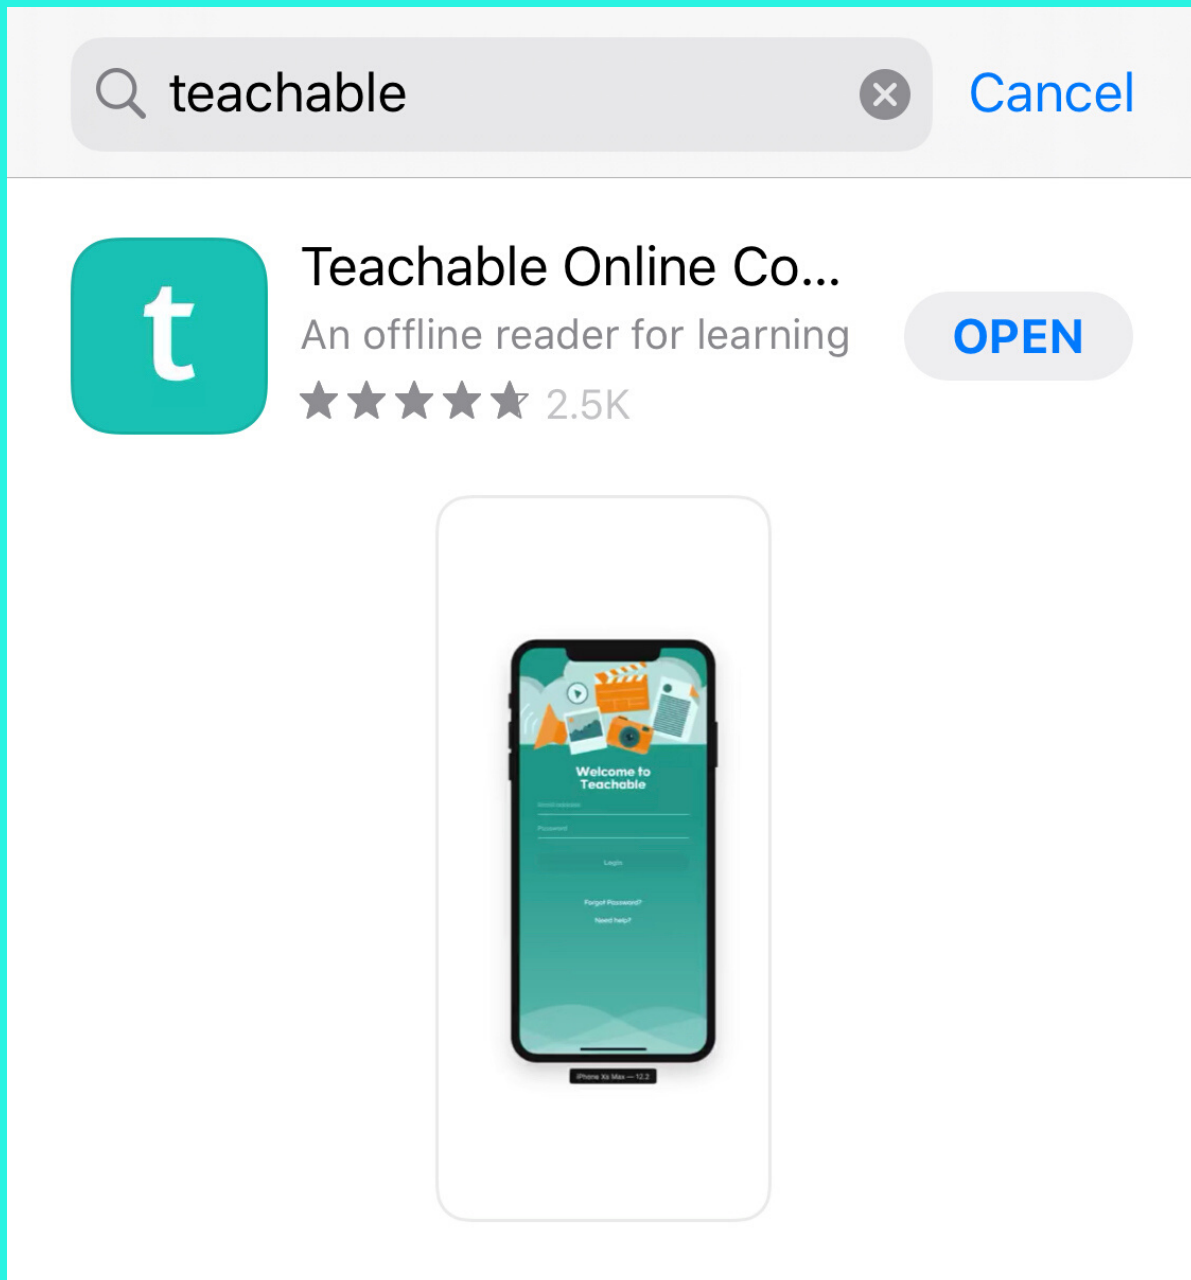

Attend 1-hr classes for 6 weeks to practice the weekly material in front of instructor for feedback.

- **Private Facebook Group**

1 year access to private Facebook group. Ability to ask questions, interact with other students, .submit video for feedback

- **Ultimate Success!**

Thorough online help and instruction as well as in-person help for 6 weeks.

Take your class on the go!

Download the Teachable app on your iphone or android phone.

Level 1 Students

COURSE IS SELF-PACED

Self-paced classes can be great because you literally work at your own pace and can't fall behind. However, you need to keep yourself accountable!

WORKSHEETS & HANDOUTS

There are worksheets and handouts to help you through the process. Make sure to watch all the lectures, fill out all the worksheets, and practice all the exercises.

VIDEO YOURSELF!

Video your training sessions so you can critique yourself. Treat it as if you were in a more advanced level when practicing.

Level 2 Students

COURSE IS SELF-PACED

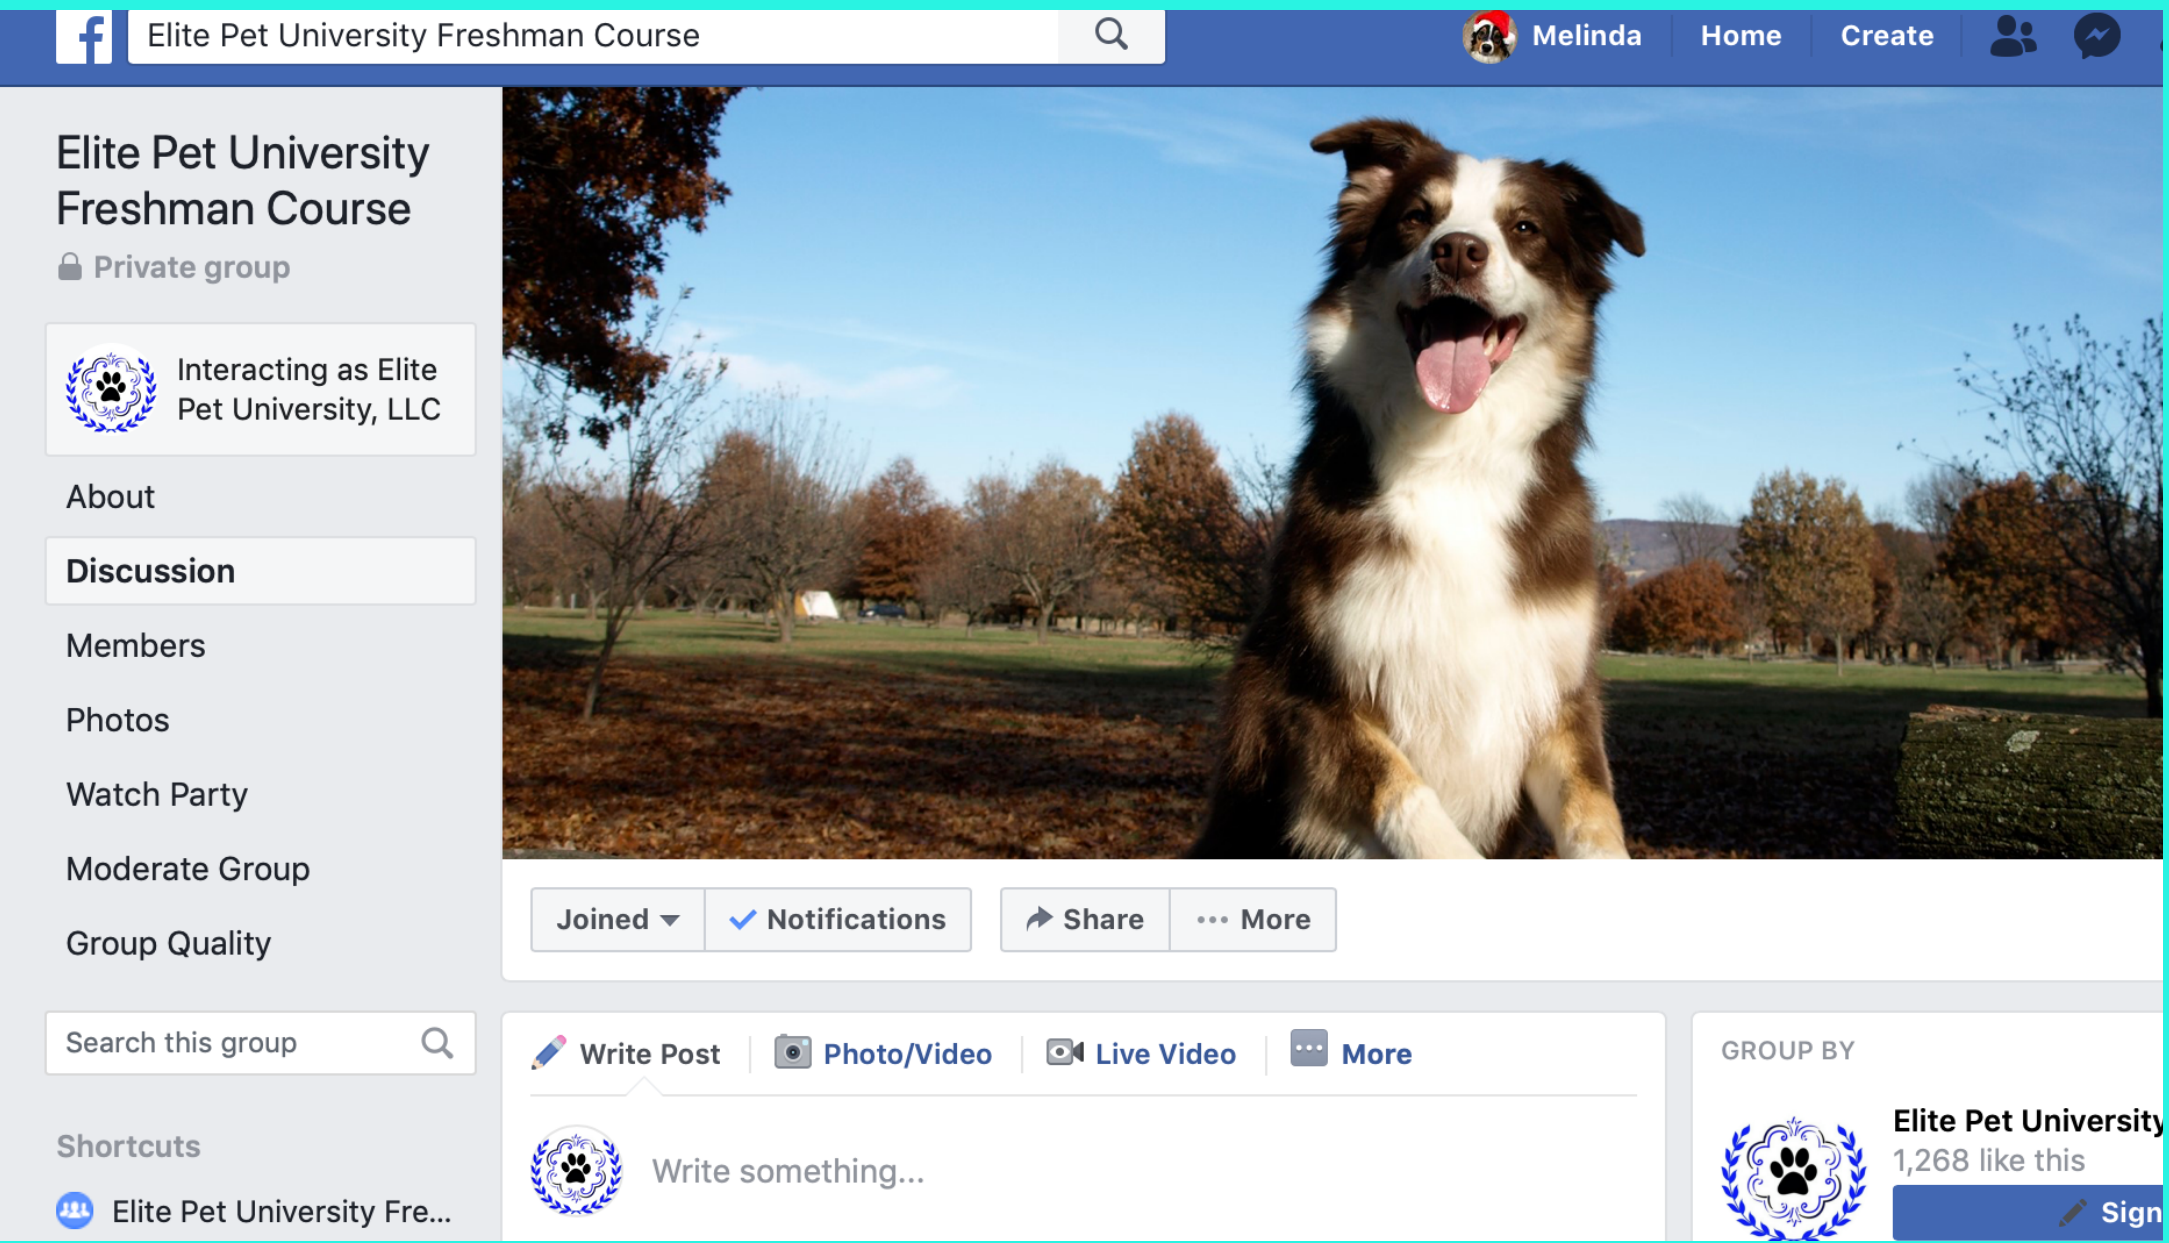

You still have a year to take the 6 week course online as well as have access to the Facebook group for feedback.

ONLINE SUPPORT & COMMUNITY

Through the private Facebook group, you can ask questions, get support, develop friendships and submit video for feedback. But you have to use it!

VIDEO

Keep the videos short. They should be 3 minutes or less to get feedback. If they are over 3 minutes, try to edit it down to the more crucial 3 minutes you want feedback on.

Level 2 & 3 - join Elite Pet University Freshman Course Facebook page

You will need to request to join. Make sure to fill out questions or you will not be approved.

Level 3 Students

IN-PERSON FEEDBACK

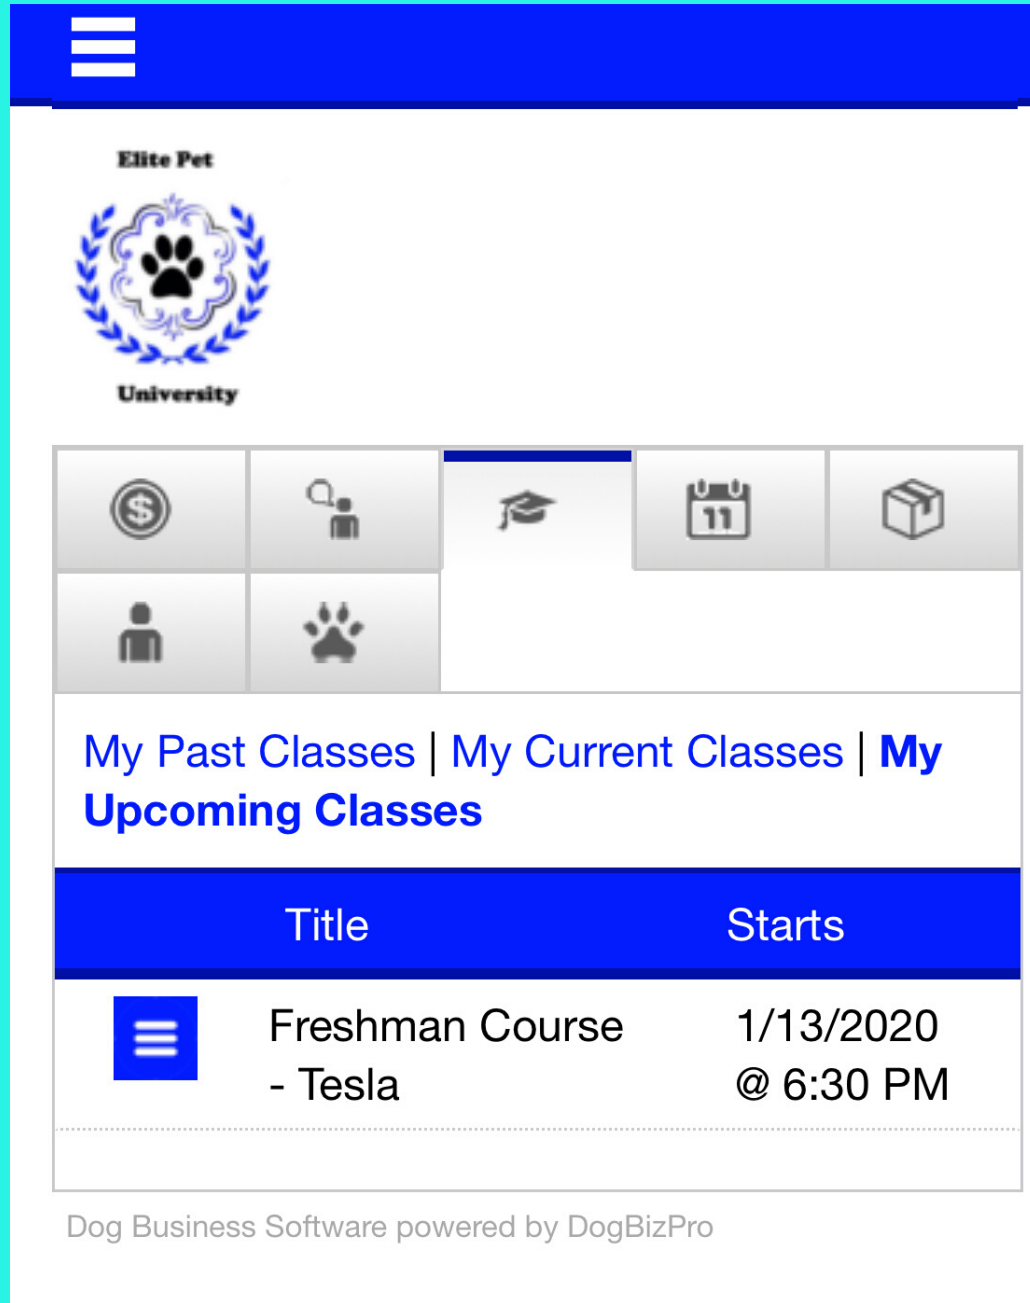

When registering for the Level 3 course, you had to pick your in-person class to attend for 6 weeks. With in-person, it is expected you practiced the week skills before attending.

ONLINE SUPPORT

With access to the Facebook group, you can submit questions and videos mid-week to get more help before meeting in person.

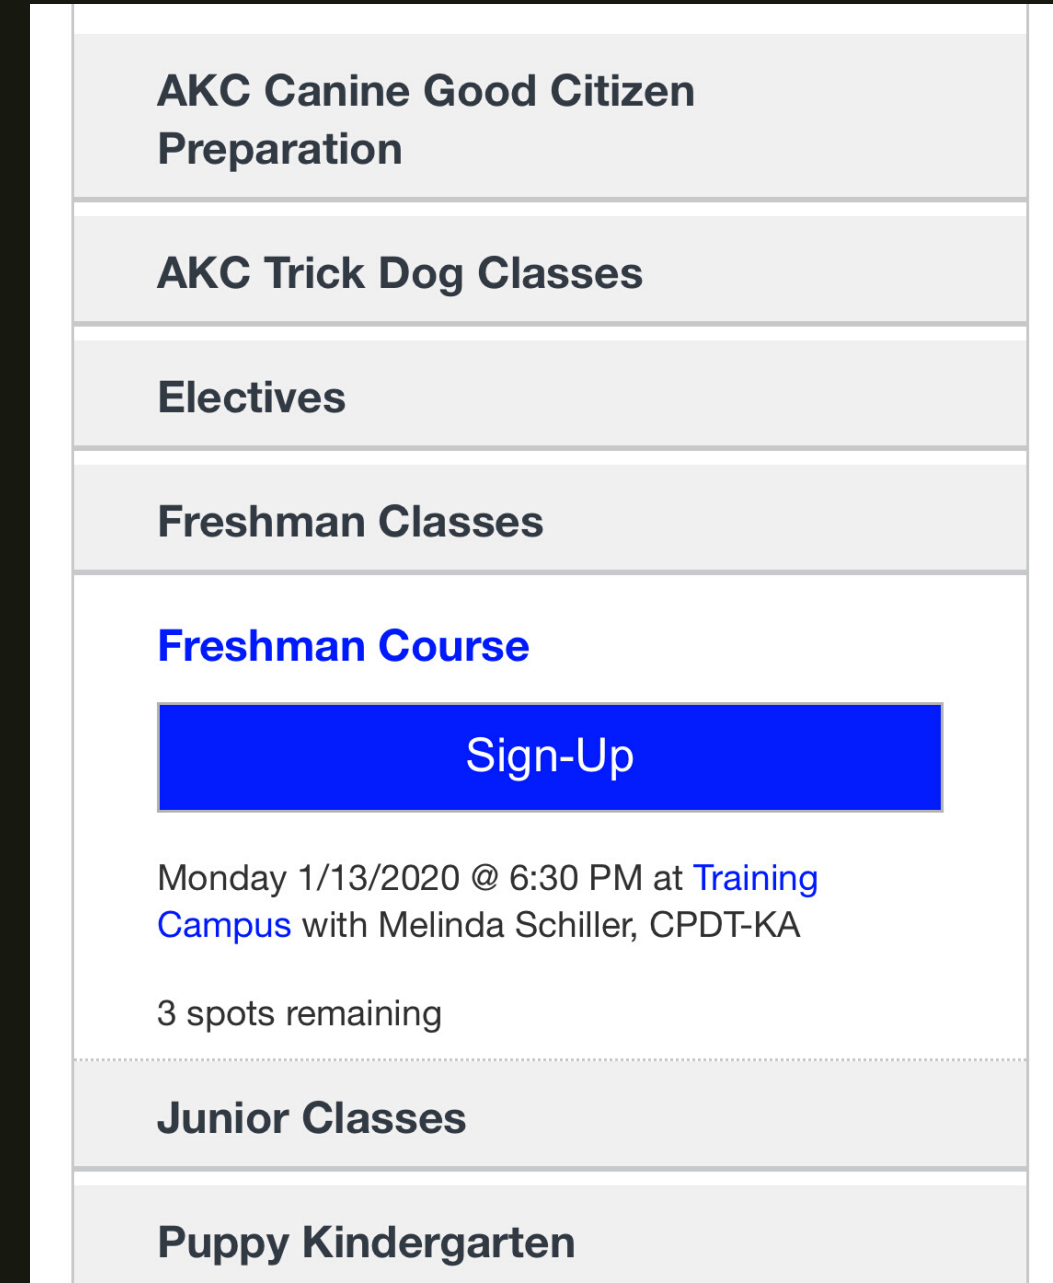

VIDEO!

Still remember to video your sessions. It will help you track your own progress.

If already signed up at Level 3

"My upcoming classes" tab will tell you when class starts and if you are registered if class hasn't started yet. Once class starts, it gets moved to "My Current Classes"

If looking for upcoming Level 3 classes

All upcoming in-person classes will be listed here for you to register.

Level 3 in- person class

STARTS THE WEEK YOU SIGNED UP TO START

For example, if the class starts January 13 at 6:30 p.m., that's your first in-person class even though the online materials are available before that.

PRACTICE NEW MATERIAL BEFORE CLASS!

It is easier to learn something new in a comfortable environment with less distractions. This is why the class is structured the way it is, so your dog and you can learn at home first. If you need help, use the Facebook group to help you before the in-person class meets

SUCCESSFUL CLASS TIPS

When you arrive, bring all your stuff into the training room and get your training area situated BEFORE bringing your dog in. The moment the dog is out of the car, you are training so think of what you want your dog to be learning. Keep your dog close; do NOT let your dog greet other dogs or jump on other people. Bring more treats than you think you will need, and gthen double that. You've got to get enough practice in for a full hour, so we need to make sure we've got plenty of treat fuel to get through that.
