Example text for contacting an Indie Developer and offering your support

Hi [Person's Name],

I'm a big fan of what you guys are doing [with such-and-such game] and would like to help out in any way I can. I'm looking to boost my experience in [XYZ genre] and would love to help you, for free, with any tasks you are comfortable entrusting to me. I'd be more than happy to [help drive your community management by updating your social media or provide design ideas or additional QA support or track down audio assets].

I can offer my help completely free for [up to 2 months - up to 20 hours per week] - at which point we could have a discussion about whether I'm providing value to you and you wish me to continue. My primary goal, however, is to gain experience - I am not expecting anything in return for my input.

Please let me know if this would be of interest to you. I'm happy to discuss.

Regards,
[Your Name]
