

## APTIS WRITING

### PART 1

- **What did you do yesterday?** I went to the beach.
- **What do you do at the weekend?** I see football matches.
- **What is your favourite kind of film?** Horror films.
- **Who do you live with?** I live with my parents.
- **What do you do?** I study Primary Education.

### PART 2

- **Please tell us why you have joined this club? (20 – 30 words)**

I have joined this club because I am interesting in known more about science, because when I studied in the high school, the science was bored for me.

### **PART 3**

**Tom: Hi, welcome to the club. Do you like reading books about science? Why?**

Hi Tom and thank you. I never have read books about science, because the science has not interested before, but from this moment, I will read many books and I want to learn many things about science.

**Michael: Welcome! Do you think Science will be important in the future?**

Thank you Michael! I reckon that Science always will be important in the future, because life evolves from science and makes it better. Due to Science we have things in our lives and also we know why occur many things.

**Tony: How are you getting on with the other members?**

I can't know all the members yet, but the members that I know, they are fantastic. They are very sociable and friendly people that help me when I don't understand or I don't know how to do something.

**PART 4.**

**Write an email to your friend. Say what you feel about the coming event and what suggestions you are going to give.**

Hi Jose,

I am very exciting and nervous for the event of the next week.

I don't sure, but one suggestion that I am going to give is make a video to get kids interested in Science. Also, I will propose some experiments for the children can do it easily.

What do you think of my ideas?

Regards,

Maria.
