

# ZERO TO REMOTE PILOT IN 2 WEEKS

BECOME A COMMERCIAL DRONE PILOT BY STUDYING 1 HOUR PER DAY FOR 14 DAYS

#### **Course Introduction** Forces of Flight Lift Instructor & Course Intro Principles of Lift Study Material (be sure to download all material linked in the video Newton/Bernoulli description) Weight Download the free Flashcard App **Thrust Loading and Performance** Parasite Drag Chapter Overview Induced Drag Download Lecture Notes PDF Stalls Responsibilities of rPIC Load Factor Axes of Rotation Stability

# Did you download everything?

All the documents you need for the course are available to download right here, for free (see the Study Material video)! The best way to do this is to create a folder on your computer and save the latest PDFs. Be sure you download the entire library:

FAA-H-8083-25: Pilot Handbook of Aeronautical Knowledge
FAA-G-8082-22: Remote Pilot Study Guide
FAA-S-ACS-10: Remote Pilot Airman Certification Standards
Airplane Flying Handbook, Chapter 7
AC-107-2: sUAS Guidance
AC-00-6B: Aviation Weather
FAA-H-8083-28: Aviation Weather Handbook
FAA Aeronautical Chart's User Guide
FAA Radio Communications Phraseology and Techniques (website only)

**Loading & Performance** 

#### **Loading & Performance and Regulation**

#### (continued) 107.1 - Applicability **CG** Location 107.3 - Definitions Moving CG Location - Part 1 107.5 to 107.9 Moving CG Location - Part 2 Regulation Quiz #1 **Exceeding CG Limits** 107.12 - Reg't for a Remote Pilot Certificate Other Factors Affecting Performance 107.13 to 107.15 Typical FAA Questions 107.17 - Medical Conditions Loading and Performance Quiz 107.19 to 107.21 Regulation 107.23 to 107.25 **Chapter Overview** 107.27 & 107.59: Alcohol &

Introduction

#### **How to use Lecture Notes**

The Lecture Notes were designed to help you take notes during the videos. Print the PDF file before watching a section and take notes as necessary. Do you have a different way of taking notes? No problem, do whatever works for you! You will find a PDF file in the Chapter Overview video of each section.

Drugs

Regulation Quiz #2

# Regulation

	107.29. Night Operation		Category 4 UAS
П	107.31 - Visual Line of Sight		Categories Cheat Sheet
$\Box$	107.33 to 107.36		"Closed/Restricted"
Н	107.37 to 107.39		OOP at Night & Minimum Distances
Н	107.41 to 107.43 - Airspace and		Flying over Moving Vehicles
Н	Airport Operations		Regulation Quiz #4
Н	107.49 - Preflight Familiarization		107.205 - Waiveable Regulation
Ш	107.51 - Operating Limitations		Part 48: Registration
	Automated Operations		Part 89 - Remote Identification
	107.61 to 107.77		Who must comply with Remote ID
	Regulation Quiz #3		The Remote ID Message
	Subpart D Introduction		How does Remote ID work
	Subpart D Defining Terms		Operational Requirements
	Category 1 UAS		Registration Requirements
	Category 2 UAS		NTSB Requirements
	Category 3 UAS		Regulation Quiz #5

## **Radio Communications and Airspace**

#### **Radio Communications**

Chapter Overview		Typical FAA Questions
Download Lecture Notes PDF		Radio Communications Quiz
Alphabet and Figures		
Traffic Location & Call Signs	Airs	oace
Untowered Airports - Position Reports		Chapter Overview
Untowered Airports - CTAF & UNICOM		Download Lecture Notes PDF
Untowered Airports - Examples		General Information
Towered Airports		Types of Airspace
Who to listen to?		Defining a Few Terms (Part 1 & 2)

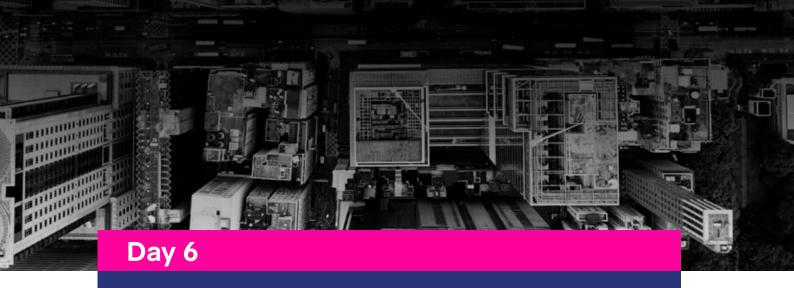

#### Weekly News Update

When you signed up for our course, you signed up for much more than just videos on a website. We promised to make this easy on you and this includes making it easy to stay up-to-date with an ever changing industry. This is why we publish a weekly news update video to discuss what happened that's noteworthy. You can find a new video every Friday morning on our YouTube channel. Subscribe to the channel to get notifications when new videos are out.

www.youtube.com/pilotinstitute

#### **Airspace**

Controlled Airspace Overview	Class E: Definitions - Part 1
Class A & Class B: Definitions	Class E: Definitions - Part 2
Class B: Charts View	Class E Surface Clarification
Class B: 3D View	Class E: Charts & 3D Views - Part 1
Class C: Definitions	Class E: Charts & 3D Views - Part 2
Mode C Veil	Class G
Class C: Charts & 3D Views	Airspace: AGL vs MSL Summary
Class D: Definition	AGL vs MSL Recap
Class D: Charts & 3D Views	Airspace Quiz #1

#### Use the quizzes to check your knowledge

I always tell my university students that quizzes and homework are to be used as an evaluation tool. This is not a test. Your grade on the quiz is an indication of how much knowledge you have of the topic. If you do not score well on the quiz, go back and study the videos in more depth. Ask questions if you still don't get it. We're here to help you succeed. You should get at least 80% on the quizzes before moving to the next section. 90% would be even better.

# **Airspace and Charts**

#### **Airspace (continued)**

	How to determine if you need approval	Special Flight Rules Area
	Special Use Airspace: Prohibited and Restricted Areas	Wilderness Areas, National Parks & Tethered Balloons
	Warning, Military Operation, Alert & Controlled Firing Areas	Reality versus FAA Test
	Recap Special Use Airspace	Typical FAA Questions - Part 1  Typical FAA Questions - Part 2
	Other Airspace: Temporary Flight Restrictions	Airspace Depiction Review
	Stadium and Disney TFR	Airspace Quiz #2
	Parachute Jump Areas	
	Military Routes & Special Military Activity	
	VFR Routes	
	NSA, FRZ, ADIZ	
Cha	rts	
	Chapter Overview	Sectional Charts
	Download Lecture Notes PDF	Topography & MEF
	Types of Charts	

#### **Charts**

#### **Charts (continued)**

Airport Depiction - Part 1	How to read sectional charts - Part 2
Airport Depiction - Part 2	How to read sectional charts - Part 3
Airspace Depiction Review	Charts Quiz #1
Navigation Aid	Latitude & Longitude
Victor Airways - Part 1	GPS Coordinates
Victor Airways - Part 2	How to read GPS Coordinates
Variation & Obstacles	Typical FAA Questions - Part 1
Other Symbols	Typical FAA Questions - Part 2
How to read sectional charts - Part 1	Charts Quiz #2

## **Using the Cheat Sheet**

By now you have completed half the course, congrats! You already downloaded the Cheat Sheet on Day 1 but if you haven't used it yet, now is a good time. The 11-page document was designed to help you memorize some of the important items for the course. Note that the list is not exhaustive! Use it as an aid during your studies but remember you won't be able to bring it with you during the exam. Commit it to memory to increase your chances of success.

# **Weather Theory - Part 1**

#### **Weather Theory**

Chapter Overview	How is Performance Affected
Download Lecture Notes PDF	Weather Theory Quiz #1
Atmospheric Composition	Wind
Atmospheric Pressure: Intro	Convective Current
Standard Day	Circulation Patterns
Pressure Altitude	Low-Level Wind Shear
Density Altitude	Temperature/Dew Point
Density Altitude Examples	Frost

#### **Weather Theory - Part 2**

#### **Weather Theory (continued)**

How Air Reaches Saturation
Types of Fog
Clouds
Weather Theory Quiz #2
Ceiling and Visibility
Stability of Air Masses
Thunderstorms
Fronts
Structural Icing
Weather Theory Quiz #3

#### Are you using the FlashCard Mobile App

At Pilot Institute, we are proud to be the first and only online ground school to offer a free mobile FlashCard app. Test your knowledge with 110 flashcards specifically designed to help you pass the exam. The app is available on both Apple iOS and Android devices. Search "Part 107 Study Flashcards" to download the app or refer to the download links in the Course Introduction section. When prompted for an email on Card 31, simply enter the email associated with your Pilot Institute account to unlock the other 80 cards.

#### **Weather Services**

#### **Weather Services**

Chapter Overview	TAF Intro
General Information	How to read TAF - Part 1
Obtain Weather Information	How to read TAF - Part 2
METAR Intro	Typical FAA Questions - Part 1
How to read METAR - Part 1	Typical FAA Questions - Part 2
How to read METAR - Part 2	Typical FAA Questions - Part 3
How to read METAR - Part 3	Weather Services Quiz #2
METAR Code List	
Weather Services Quiz #1	

# Did you leave a review yet?

We care about your experience with our courses. If you liked the course so far, please consider leaving a review on TrustPilot, the independent company that handles all our reviews. You can find the review box in the course in 3 places: in the Airport Operations Section after "Airport Signs (3D View)", in the Airspace Section after "How to determine if you need approval", and in the "How to apply for your certificate" Section at the end of the course.

If you have any suggestions for improvement, please email us at <a href="mailto:contact@pilotinstitute.com">contact@pilotinstitute.com</a> and tell us how we can make our classes even better.

## **Aeronautical Decision Making**

#### **ADM**

Chapter Overview	Risk Management - Part 2
Introduction and History	Decision-Making Process - Part 1
Decision-Making Steps	Decision-Making Process - Part 2
Crew Resource Management	Operation Pitfalls
Single-Pilot Resource Management	Stress Management
Hazard & Risk	Situational Awareness
Hazardous Attitudes	Common Accident Factors
Risk Assessment and Mitigation	Typical FAA Questions
Risk Management - Part 1	Aeronautical Decision Making Quiz

#### Time to schedule your exam

You're almost done with the course, it is time to schedule your exam with an FAA approved testing center. Locking in a date might be the best way to stay motivated and maximize knowledge retention. Visit https://faa.psiexams.com to find a testing center near you. Note that the exam fee is \$175 and none of this money (unfortunately) comes to us. Be sure to give yourself enough time to complete a few additional practice exams before heading to the testing center.

# Physiological Factors, Night Training and Maintenance & Inspections

Physiological Factors		Night Operations	
	Chapter Overview		Night Operations Introduction
	Introduction		Night Regulation
	Hyperventilation		Vision in Flight
	Stress & Fatigue		Dark Adaptation
	Dehydration & Heat Stroke		Coping with Stress
	Drugs & Alcohol		Night Illusions (Part 1)
	Vision and Flight		Night Illusions (Part 2)
	Typical FAA Questions		Operating at Night
	Physiological Factors Quiz		Losing VLOS
			About Strobe lights
			Submit Airspace Requests
			Night Operations Quiz

# Physiological Factors and Maintenance & Inspections

#### **Maintenance & Inspections**

Chapter Overview
Introduction and Definitions
The Importance of Maintenance
Preflight Recommendations - All Parts
Emergency Planning
Lithium Battery Fires
Safe Handling of Lithium Batteries
Loss of Control Links & Flyaways
Typical FAA Questions Maintenance &
Inspections Quiz

# Practice Exam and How To Apply For Your License

What's the Exam Like
About the Practice Exam
Unlimited FAA Practice Exam
Scheduling the Exam
How to apply for the certificate
Staying Current
Share your success story

#### **Bonus videos**

Congratulations on getting to the end of this challenge. We know it wasn't easy but if it were, everybody would do it! You are now equipped with the necessary knowledge (and more) to become a Remote Pilot. When you're done watching the course videos, don't forget to watch the Bonus videos to help you start flying as a Commercial drone pilot. Also don't forget to tell us how you did on the exam, we always love to hear success stories.
