

## **Scope and Sequence for the online course World Music for Elementary**

<https://learn.musicinourhomeschool.com/p/world-music-for-elementary>

Each of the 65 lessons teaches about the music of a different country or area of the world. You'll learn about unique instruments, folk dances, songs, and styles. Listen to music sung in other languages. See indigenous people perform their music.

Each lesson should take around 15-30 minutes, excluding the Optional Activity.

Optional activities include projects such as making instruments, learning dances, doing crafts, or making recipes related to the country being studied.

Musical Instrument Notebooking Pages and Country Fast Fact Cards & Notebooking Pages are included so students can document what they are learning.
