

👉 ROCK YOUR CLASS MATH MINUTE 👈

Definition

An estimate of income and expenditure for a set period of time.

Math Rap

**To plan and keep an eye on money in and money out
A budget uses math to avoid financial drought
Add income over here, keep track of outcome over there
A budget means that you're financially aware**

Inspection & Reflection

- **What do you tell a friend who has a debt so big that they can't budge it? Budget.**
- **Define budget in your own words. Why might a budget be important?**
- **List typical expenses involved in owning a home.**
- **Create a budget for how you can begin to save money for future goals like a small or large upcoming purchase.**
