- 13:10:36 From B : What form does black hellbore need to be taken in and what dosage is correct? Are there other herbs you would recomend besides borage for mental health concerns?
- 13:10:42 From S : Replying to "and other question i..."

Could be 5G, EMFs, chemtrails, various things. Tinnitus.

- 13:10:44 From B : Can you explain the concept of boundaries and how they relate to mental illness and how boundaries can be helped? Is this the same as holes in the aura?
- 13:11:32 From Peter Aziz : - can the root cause of polymyalgia rheumatica (PMR) accompanied by tremors and muscle fasciculations be found and healed?
- 13:12:47 From S1 : How can I check what I have to heal re cancer that might have returned. I have done healing about this but asking if you could point to how I know what is left to heal.
- 13:13:00 From iPhone (59) : Replying to "and other question i..."

That low freq sounds that sounds like tinnitus is actually when spirit trying to enter your aura. As most ppl have not much spiritual protection it's the sound when spirit trying to bore into your aura . At any given time most ppl without spiritual protection have anywhere around 6-9 spirits attached to them

- 13:13:50 From SP : Should we dowse as well if we have a hidden Deathwish and if so, is the Apep talisman enough on the psionic chart to cancel it. And if not what about breaking the Dark Law in the Darkness course? Or does it need to be fully dis-created through the dis-creation going through all the 7 layers of emotion from the Ulltimate Healing?

Regarding the electrification of this world, it is likely intentional to weaken the aura and enable spirits to enter that are a problem. Rather like the jabs too.

13:16:19 From KS : what is a useful way to deal with anger coming up because after UHC2 this summer I was so angry that a lot of relationships collapsed/ were harmed. Do you have to scream in loneliness or talk to others to show your anger or go boxing or what do you advice

13:18:50 From SP : If you can dissolve tumors, how much success have you had with clients being able to dissolve internal or external scar tissue? Ultimate Healing with pressing points the points and using the minerals would be ideal, can scar tissue still dissolve with just doing the dis-creation mentally with out the minerals?

13:19:52 From MJ : need some help with solar plexus and personal power problem. I can't get to the root of problem, what cause it lack of personal power. This has been going on over 5 years and his behavior triggers my own trauma. Do you believe if I heal myself he too will heal (as a result of my own healing)?

13:24:16 From iPhone (59) : How do you do multidimensional healing? Is there specific ways to heal our astral , causal , mental , celestial and divine bodies so that the healing descend down to

the physical body? I believe some of our higher and evolved selves are engaged in astral wars, how can we help these selves so the wars ends here in the physical on the as above so below principle?

Once this is healed, my energy can start building up again. Also how do I heal Nerve problems from sacrum making tingling + numbness in hands, back of body + feet? Can you see what it is that feels unhealable in me, self worth,?/ since the hole in aura appeared this week I feel like a part of me is dying although I'm so passionately dedicated to facing it all im doing everything I can.

13:30:19 From SP : Some things I have tried to manifest haven't manifested even after many many sessions and hours of dis-creation. When I try to do a dis-creation session it seems to take hours and hours to get somewhere. Should I try to dis-create my frustration the fact that dis-creation takes so long? And would I be able to use time magic to make it go quicker? Or any advice?
