

Art Workshop Supply List

I am a strong believer in using what you have, however I also understand wanting to have some guidance when bringing your supplies to my workshops.

I love using Liquitex paints and Artist Loft paints. I do have a few heavy body paints in the Winsor & Newton and Graham paints.

So here are my regular favorites, please do not feel you need to go get all these colors, these are just the ones I reach for regularly:

Titanium white
Mars or cobalt black

Cadmium Yellow Medium
Yellow Oxide
Indian Yellow

Phthalo Blue
Ultramarine Blue
Cerulean Blue

Viridian Green
Brilliant Yellow Green
Turquoise

Magenta
Cadmium Red
Red Oxide

Dioxazine Purple
Prism Violet

Burnt Sienna
Burnt Umber

Transparent Red Oxide

**Golden Gloss Glazing Liquid - I use a lot of this! It allows for beautiful laying of the colors.

Note: If you are using small craft paints you will want to pick up some of the basic colors from above. The craft paints are good for small painting projects but not so much for larger canvas.

For brushes I have a large 2", 1", 1/2", 1/4", and a fine detail brush.
