

Dear fellow investor,

Due to GDPR email rules there have been some issues with receiving emails so please check whether you have an up to date email notification setting.

To receive my emails through the platform in your inbox, you have to opt in on receiving institutional and promotional emails (thus my emails as only I send emails to you).

The screenshot shows the 'Edit Profile' interface. On the left is a sidebar with links: 'Edit Profile', 'Manage Subscriptions', 'Add / Change Credit Card', and 'Contact'. The main content area is titled 'Edit Profile' and shows the user's 'myTeachable Account' information: 'Sven Carlin' with email 'carlinsven@gmail.com'. Below this, under 'Notification Preferences', there are three checkboxes: 'Notify me when someone responds to my comments.' (checked), 'Notify me when someone comments on a discussion I've commented in.' (checked), and 'I agree to receive instructional and promotional emails from Sven Carlin Research Platform.' (unchecked). A 'Save Changes' button is at the bottom.

Here is more on how to edit your profile so that you receive the emails on time:

Let me know if there is anything else that doesn't work, we are here to make things constantly better.

Kind regards,

Sven Carlin
