

## **Tool #5: SUPPLEMENT YOUR INCOME**

Find a way to supplement your income:

- Be creative.
- Look for problems, and then offer to solve them.
- Decide that nothing is beneath you - deliver pizzas to pay off credit cards if necessary.

Your income can only grow to the extent you do.

Make a list of at least 5 things you could do to increase your income. (Include problems and that people have, and the solutions to those problems).

Prioritize the above list from easiest to most difficult, or from “I could do this” to “I probably couldn’t do that.”

To get out of debt faster, would I be willing to:

Clean toilets?

Take care of sick senior citizens?

Deliver newspapers at 4am?

Wash cars?

Collect garbage?

Trim bushes and clean gutters?

Wash windows?

Inspect sewers?

Be a worker on dairy farm and shovel manure around?
