MSQ (Medical Symptoms Questionnaire)

This screening questionnaire from the Institute for Functional Medicine (www.IFM.org) is used to assess and track symptoms. If this is your first time taking the MSQ, rate each of the following symptoms based on your health for the past two weeks. If you are tracking recent changes, answer according to the last 48 hours. Please score from 0 to 4 according to the scale

Occasionally have this severe effect

Frequently have this mild effect

> Frequently have this severe effect
