# Rustic Farmhouse Board

Paint colors:

- Coffee Bean (dark brown)
- Sand Bar (sandy off-white)

*Or choose any dark/light neutral combo to create a similar look.*

Clear Wax

Dark wax/brown antiquing wax

Fine grit sandpaper (220 grit is good)

Optional: Wax Brush

To apply the transfer, you will need scissors, painters tape and a transfer tool.

I used a credit card for the transfer tool. A paint stir stick works too.

# Blended Boho Board

Paint colors:

- Bunker Hill Blue (dark blue)
- Dusty Blue (light blue)

*Or choose any dark/light shade of blue or your favorite color.*

I also added these accent colors just for fun:

- Amethyst (purple)
- Lucky Lavender (lavender)

Paper plate

Clear Top Coat

Small Bowl

Brush or blue sponge

Stencil(s)

Painters tape

Colored/metallic wax

(You could also use paint for this.)

To apply the Wood U Bend, you need a hairdryer or heat gun, wood glue and a Q-tip.

# Coastal Vibes/Weathered Wood Board

Paint colors:

- Mason Dixon Gray (medium gray)
- Manatee Gray and Driftwood (lighter grays)
- Fluff (white)

Optional: Dusty Blue (light blue)

*Or choose any darker/lighter shades of gray + white*
