COURSE OVERVIEW

Course Roadmap

Introduction

Why a course on speaking?

Build Your *SMART* Speaking Machine

Listening and reading take priority over any attempt to produce language.

Organizing Your Speaking Techniques

Create a sustainable and simple schedule to speak to yourself every single day!

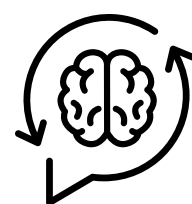

Prepare Your Mind

Talk back to your limiting beliefs when it comes to speaking.

Speaking Techniques

Learn 6 amazing techniques to start speaking any language!

The End is the Beginning

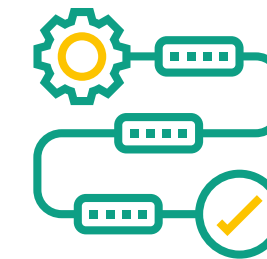

What's Included in This Course

Luca's Video Lessons

Lessons presented directly by Luca, teaching you the methods and strategies needed to start speaking successfully.

Missions

Simple, practical and effective actions based on Luca's methods and techniques so you can learn the *SMART* way!

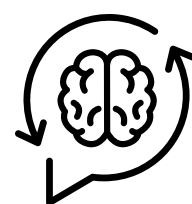

Extra Materials

Supplementary content designed to help you dive deeper into individual topics, including how to apply the course content to specific languages and situations.

Video Demonstrations

Visual demonstrations of how Luca personally implements the major techniques of this course, led by Luca himself.

The Smart Language Learning Experience

If you want to go fast, go alone. If you want to go far, go together

— African Proverb

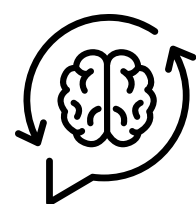

Actionable "**language missions**" to work on after completing each course day.

Interact with and get **direct support** from Luca Lampariello and his team.

Get inspiration and support from language learners all over the world!

How to Take This Course

To get the most out of this course, we suggest you to follow these steps for each module:
