

The Great Drive

A "The Mouse and The Motorcycle" Geography Adventure!

Part 1: The Family's Journey

The family in our book traveled from Ohio to California. Look at the map and trace the route they might have taken. Can you find any big states they passed through?

Part 2: How Far, How Far?

Now, it's your turn to be a geography detective! Find out how many miles it is from your home to California.

Miles from my home to California: _____ miles

If you could drive 100 miles every day, how many days would it take you to get from your home to California? Use your counting skills or a calculator to solve the mystery.

It would take me _____ days to drive from my home to California.

Part 3: Trace Your Journey!

Using the map above, draw the route from your home to California. What would you see on the drive there? Would you see mountains, deserts, rivers, or something else? _____
